

Newton Tax Rate To Rise \$1

\$55 Tax Rate Revealed At Aldermanic Meeting

Newton's tax rate this year will be \$55. That will represent a \$1 increase over last year's \$54 figure.

This was disclosed when the Board of Aldermen on Monday night voted to use \$760,000 in surplus funds to meet operating expenses of the municipal government this year.

A chart submitted to the Aldermen by the Board of Assessors at Monday night's session revealed that a transfer of \$760,000 from surplus funds would mean a rise of \$1 in the tax rate and a 1959 rate of \$55.

Mayor Howard Whitmore, Jr., who has been striving to keep the rate jump as small as possible, had recommended to the Aldermanic Board that \$800,000 in surplus funds be used toward meeting expenses this year.

The chart of the assessors showed that the tax rate would have gone up 81 cents if the Mayor's proposal were approved.

The city has an estimated \$1,289,590.98 in its surplus fund. It will have \$529,590 remaining as a result of the Aldermanic action and would have had \$489,590 left if Mayor Whitmore's recommendation had been adopted.

By a vote of 21 to 1 the Aldermen passed the \$760,000 transfer order.

The lone dissenting vote was cast by Alderman Leo M. Cannon who argued that a larger amount should be kept in the reserve fund. Cannon favored a transfer of only \$600,000.

Had Cannon prevailed, it would have meant a tax rate of \$55.44 and an increase of \$1.54 instead of \$1.

Finance Committee Chairman Earle D. Wood, however, urged that \$760,000 be taken

Say Meter Maid Plan Has Merit

The proposal that Newton engage "Meter Maids" to enforce parking regulations has been advanced by the Board of Aldermen.

The Board, by a vote of 12 to 2, referred the proposal to Chairman Charles H. Cosgrove of the Street Traffic Committee, to the Claims and Rules Committee.

Cosgrove detailed his plan to the Monday night meeting of the full Board, although his own committee, by vote of 3 to 2, was against the proposal. The full Board asked the Claims and Rules Committee to make a further study.

"My proposal is aimed to relieve police for other duties," Cosgrove explained. "I feel the recommendation has many good points."

"The result would be an improvement in the traffic flow and the plan would profit the entire city."

Chairman Cosgrove's recommendation proposed that the city adopt an ordinance, to be designated as Section — METER MAIDS —

Wilson Biography Wins for Walworth

Newton Writer Is Winner Of Pulitzer Award

Arthur Walworth, big, personable 55-year-old Newton Centre resident, emerged from the privacy of his orderly life in this city and moved into the full brilliance of national headline acclaim late Monday afternoon.

The entire tenor of his life was changed with the arrival of a telegram informing him laconically that he was the winner of the Pulitzer bio-

graphy award for his book, "Woodrow Wilson, American Prophet."

News of the coveted literary prize came completely unheralded to the house at 100 Homer street. Its recipient was in absolute ignorance of his approaching greatness.

The book had been published some time ago and had taken ten years of comprehensive research, as well as writing, to complete it. He is also the author of a second volume on the great World War I President.

Other literary efforts from the Walworth pen include, "Black Ship Off Japan," "Travel Book to Cape Breton," and "School Histories at War."

The Walworths are an old Newton family. This most distinguished member is a well known and respected resident of the city. Despite his writing commitments he finds time for gardening and an occasional wood chopping session for exercise.

His home is adjacent to one of Newton's Little League fields and he spends considerable time and effort with the

He was elected to succeed George R. Strandberg, president for the past four years, at the 82nd annual meeting held Monday night at the Association building.

Mrs. William Scar, president of the Women's Auxiliary, presented two checks to outgoing President Strandberg. One was for summer camp scholarships, and the second for the building fund.

Principal speaker of the evening was Dr. Glenn A. Olds, new president of Springfield College, who for four years was director of the United Religious Work Program at Cornell University.

Arthur T. Gregorian, member of the board of directors, was chairman for the annual meeting.

He introduced the following special guests:

Harry C. Walen, president of the Newton Community Chest and Council; Chester E. Borden, Community Chest budget representative; Miss Constance S. Garbutt, executive director of the Newton Community Chest and Council.

Also, Orville H. Emmons, executive secretary of the New England Area Council of the YMCA, and Rev. John Balcom, executive secretary of the Newton Council of Churches.

Freedman To Seek Legal Showdown on \$1100 Item For Out-of-State Travel

A court fight will be waged to challenge the right of the Newton Board of Aldermen to cut \$1100 for out-of-state travel by School Committee members from the school department budget.

That was indicated definitely today by School Committee Chairman Haskell C. Freedman.

Freedman told The Graphic he desires to see the matter taken into court. He said he believes that should and will be done and that he intends to do everything possible to see that a bill in equity is brought in Superior Court to restore the \$1100 to the school budget.

He emphasized that he was speaking individually and that the question of court action had not been voted on by the School Committee. However, some of the other School Board members made it plain that Haskell's forceful statement reflected their views.

The stage for a legal battle in the Superior Court and possibly also the Supreme Court between the Board of Aldermen and the School Committee over the \$1100 item, was set when the Aldermanic Board by an 11-11 tie vote Monday night refused to restore the \$1100 for out-of-state travel which it had previously slashed from school appropriations.

Three members of the School Committee—Chairman Freedman, Spencer F. Deming and Mrs. Genevieve R. Onoley—attended a national convention of School Boards at San Francisco in January.

They spent \$1100 on the trip and are seeking to be reimbursed by the school department. If the Aldermanic action is now reversed, they would be forced to pay the expenses out of their own pockets. That would mean an outlay of close to \$400 for each of the three.

Freedman was on the national program committee for the convention which was attended by members of approximately 3000 school boards throughout the country. Mrs. Onoley was the chairman of a panel program.

Chairman Freedman made it clear that he's interested not only in the \$1100 involved

Honors come and honors go; there are gold records and other marks of distinction in our time but William Skelton, well-known proprietor of the Skelton Hardware Company, Inc., 1223 Centre street, Newton Centre, is the recipient of an Estwing "Gold Hammer Award" commemorating his 50 years of service in the hardware business.

Robert H. Watts, general manager of the Bigelow & Dowse Company, New England hardware distributor, made the presentation.

The award is a full size, 14 carat, gold plated Estwing hammer, mounted on a polished beautifully grained plaque.

Mr. Skelton came to this country from London, England, in 1903. He established himself in the bicycle business in Newton Centre in 1909.

He smiles as he reminisces over those "good old days," when he paid \$15 a month

for rent and worked 10 hours a day for a full six-day week. He drew the princely salary of \$9.00 per week in those early days, back at the birth of the century.

At one time, twelve different landlords owned the building in which he had his shop and he paid a dozen monthly rentals to them.

"Bill" Skelton has been doing business at his present location for the past 22 years. He is the recipient of numerous messages of congratulations and best wishes for his long record of service in Newton.

The unique "Gold Hammer Award" is sponsored by the Estwing Manufacturing Company, of Rockford, Illinois, and represented in New England by the Bigelow & Dowse Company.

Author Walworth joins his aunt in a keen interest in the work of the Newton Council for World Affairs.

He is a bachelor and a native of Newton. He attended the local elementary and high schools and Phillips Andover Academy. He was graduated from Yale with the Class of 1925 and taught for one year at Yale in China at Shanghai. It is now located in Hong Kong.

He was associated with the educational department of Houghton & Mifflin Company for several years. He was assigned to the Office of War Information in San Francisco during World War II.

He recently was awarded a grant from the American Philosophical Society in Philadelphia and is now doing research on a new book, "American Diplomacy at Paris, 1919." Fame and fortune, swept in on the wave of newspaper, television and radio publicity, has been met calmly by the occupants of 100 Homer street. The telephone chimes constantly, there are written messages of congratulations, neighbors smile and express good wishes. Author

Walworth finds his speaking engagement book filling up.

It's all in the life of a winner of a Pulitzer Prize Arthur Walworth is understandably elated, although thoroughly surprised, but entirely happy with the sudden arrival of glory.

Honor Society Holds Program; House Plans System Progresses

By JUDY ARNOLD

HIGHLIGHTS . . . The National Honor Society Induction Ceremonies were held at Newton High last Thursday. Tom Martin, president, presided over the affair. The four speakers who represented leadership, scholarship, character, and service were Karin Fransen, Barbara Fleischer, Howie Levine, and Jerry Rogell.

More definite plans are being made about the house plan system to go into effect next year. Each of the six houses will be comprised of a complete cross-section of the student body. Grades as well as curriculum will be mixed. The home-rooms might be chosen at random from a list of the entire student body. It is hoped that students will have at least one-half of all their classes in the same house.

The science and home economics classes that require laboratories will probably have to be held in Building Two as they are now. The advantage to having students stay in one building most of the time is the lessening of traffic and the fact that there will be a closer contact between the subject teacher, the guidance counselor, and the house master.

Students will return to their respective houses during study periods. This common room will be next to the building office, insuring supervision, and also giving the opportunity for guidance counselors and house masters to contact students more easily. Each house will have its own office, guidance department, and common room. An inter-house rivalry in athletics and scholarship might develop.

The actual block system will be one of the few things to remain unchanged. Students will remain in the same home-room with the same home-room teacher for all three years. Thus, the student will be given a sense of continuity and the home-room teacher will be given an opportunity to know his students well and guide them wisely.

This year there will be a difference in exam week for the sophomores and juniors. Finals will be given on June 8 to June 12. The following Monday and Tuesday there will be short classes, A1-G1, until 1:00. This is to provide time to discuss final exams and transact last-minute business. Final report cards will be mailed to parents in envelopes addressed to them by their children. Students who do not wish to provide a four-cent stamp may pick up their report cards at school at the end of June or the beginning of July.

The difference in this year's schedule is that all exams have been moved up one day, so they will end on Friday, instead of on Saturday. Senior final examinations will be given during regular class periods from May 18-May 29. Graduation rehearsal will be June, the senior prom June 4, and graduation June 6.

Last week, television teaching began in Newton High. Newton, along with more than one hundred other schools around Boston, is participating in this Pilot Course for the Grade XI English classes. The program will deal with the humanities and has been developed by the Council for a Television Course in the Humanities for Secondary Schools, Inc. This group has been working for two years and consists of people from various cultural and educational organizations. Mr. Floyd Rinker from Newton High is the Executive Director of the Council.

This first series is divided into three groups of four lessons each. The first four half-hours of instruction were devoted to introducing the humanities and the theater, and analyzing Thornton Wilder's "Our Town." The second session deals with Shakespeare's "Hamlet," and next week's courses will be about Sophocles' "Oedipus the King." The courses combine television teaching with classroom teaching. The programs are presented at 8:30 each morning.

Junior pupils who are in classes that watch the series report directly to the television room each morning. Seniors and sophomore pupils are given the opportunity to view the lectures each evening on Channel Two.

By DON HEROLD

Money DOES work, you know

I have suggested to Watertown Federal that they put up a sign like the above, outside. I was half-kidding, but it is a fact that money really does work, night and day.

One of the best things you can learn about having savings at Watertown Federal is that your money can make money for you just as surely as if you were working for pay, yourself.

Money is worth money. Many people are willing to pay interest on loans on their homes. That is why Watertown Federal can afford to pay you dividends. (Anticipated rate now 3 1/4% per year).

Chairman Bernie Dresner announced that the merchants in Newton Centre are going all out to make the 1959 edition of the May sales event the most successful promotion ever attempted.

He said the success of last year's sale has given the businessmen of the area added incentive to surpass their efforts of last year.

President John Russo of the Association announced that merchants had arranged with wholesale outlets to obtain the finest merchandise to be sold at the lowest possible prices.

Dresner and Russo point to the countless items for all members of the family which will be needed so soon when vacation days are here; they

There will be special pages in next week's Newton Graphic giving dozens of hints of things on sale next week in Newton Centre's shopping area.

Dresner and Russo promise that shoppers with good memories, who remember the outstanding bargains of last year's May sales days, will be even more delighted this year at what their dollars will buy.

Parades And Exercises Launch Little Leagues On All Fronts

It's official now All of Newton's Little League baseball teams — marking the four corners of the compass and the middle — are in full swing for the 1959 season.

Newton North, South, East, West and Central have launched their season with a parade and opening game ceremonies at which Mayor Howard Whitmore Jr. tossed out the first ball.

CENTRAL
The Newton Central Little League season opened at the Pierce School Playground Sunday afternoon, May 3. A parade started on Washington St., Newtonville, turned into Commonwealth Ave., down Temple St., and to the playground.

Ninety boys, their managers, coaches, parents, Red Cross, Newton Fire Department and Police, were represented in the parade, headed

by Mayor Whitmore. Clergy of all faiths were represented at the opening ceremonies.

This year the Central Little League is fielding six teams, rather than five. The officers of the league are: Russ Sheely, president; George Hicks, vice president; Ellen Chasson, secretary and Al Cavanaugh, treasurer.

EAST
Newton East Little League opened its 10th season on April 25 with a parade. There were 550 youngsters parading with banners from the Sacred Heart School, through the business section of Newton Centre Sq., to the diamond on Homer St.

Present were numerous dignitaries, including Mayor Whitmore, Park Commissioner Evan Johnson, Police Commr. Philip Purcell, Fire Commr. Fred Perkins, Walter

Muther and Walter Kresge. Mayor Whitmore purchased from one of the Little Leaguers the first ticket for the annual dance to be held June 5 at the Newton Centre Women's Club.

The parade included a float with five little queens representing each of the leagues. They were Miss Major League — Mary Lou Asbell; Miss International — Dee DeGeorge; Miss Pacific Coast — Kathy Muther; Miss Eastern — Janet Dietz and Miss Western — Barbara Case.

The opening game marked the kickoff for the renewed fund raising campaign. Financial Chairman Norman Buchbinder said the 1959 budget amounts to \$7,500.

"We have already collected \$3,200 by solicitations from parents and from team sponsors," Buchbinder said. "The boys will sell about \$3,000

worth of tickets and we are hoping to raise the balance from merchants through advertising in the Annual Dance Program Book."

Newton East has 34 teams.

WEST
Some 300 boys assembled at the West Newton Green and paraded to Gill Stadium for opening ceremonies and a doubleheader to mark the opening of the Newton West Little League season.

Also in the line of march were a police car, fire engine, a band, and floats representing the four sponsors.

Guests at the opening ceremonies included Mayor Whitmore, Commr. Johnson, James P. Murphy of the Recreation Department and Howard Ferguson, Newton High baseball coach.

Arrangements for the parade were made by Howie Hathaway and Mrs. George Huberman, president of the Women's Guild.

SOUTH
Mayor Whitmore threw out the first ball to Commr. Johnson to open the ninth season of the Newton South Little League Saturday afternoon at the Richardson playground.

A parade of players started from the Beethoven Avenue School, proceeded down Beethoven Ave., to Beacon St., to Allen Ave., and to the playground.

In addition to the four major teams in the league, the Newton South Little League also has a 14-team minor league and a five team Pee-wee league.

Jerome Grossman heads the minor circuit and Bernard Todrin is in charge of the Pee-wee circuit.

NORTH
Newton North Little League began its eighth season Saturday at Albermarle Playground, with some 180 boys parading from the major and minor leagues.

The parade started at the Horace Mann School and proceeded to Albermarle Field.

Mayor Whitmore, Fire Chief Perkins and a Boy Scout Color Guard participated in the flag raising and opening ceremonies.

BABE RUTH
Tryouts for the Babe Ruth League were held Saturday at nine playgrounds and according to League President, Ernie Asaff, all boys have to try out whether or not they played in the league last year. Other tryouts will be held this Saturday and Sunday.

Once the season starts on June 1, all games in the Southern Division will be played at the new playground on Moffat Rd., Waban. Those in the Northern Division will be played at Newton High School Field.

Democrats Vie for Right To Run for Governorship

If all the prospective candidates now planning to battle it out for the Democratic nomination for Governor hold to their present intentions, some prominent figures will be washed right out of public life in next year's primary.

The potential contenders at this time are Congressman Thomas P. O'Neill, Jr., of Cambridge, Congressman Torbert H. Macdonald of Malden, Lieutenant Governor Robert F. Murphy of Malden, Secretary of State Joseph D. Ward of Fitchburg, State Treasurer John F. Kennedy of Canton and possibly Middlesex County Sheriff Howard Fitzpatrick.

O'Neill and Ward undoubtedly will shift their sights to other offices if they don't win the endorsement of next year's Democratic State Convention, but supporters of Macdonald, Murphy and Kennedy already are talking in terms of a free-for-all primary fight.

Kennedy, in fact, probably would not even submit himself as a candidate to the pre-primary convention, recognizing in advance that he would have no chance whatever of receiving the nod from the conclave.

It seems somewhat strange that a professional politician such as Murphy, who was endorsed for Governor by the 1954 convention and for Lieutenant Governor by the 1956 and 1958 assemblies, is planning to carry his fight on to the primary in the event he is unsuccessful at the 1960 assembly.

Yet, that is what persons close to him say he intends to do. What that presumably means is that Murphy realizes his convention prospects would be far from bright, as a result of his running feud with Governor Furcolo, especially when he will be forced to match his strength against opponents of the stature of Congressmen O'Neill and Macdonald.

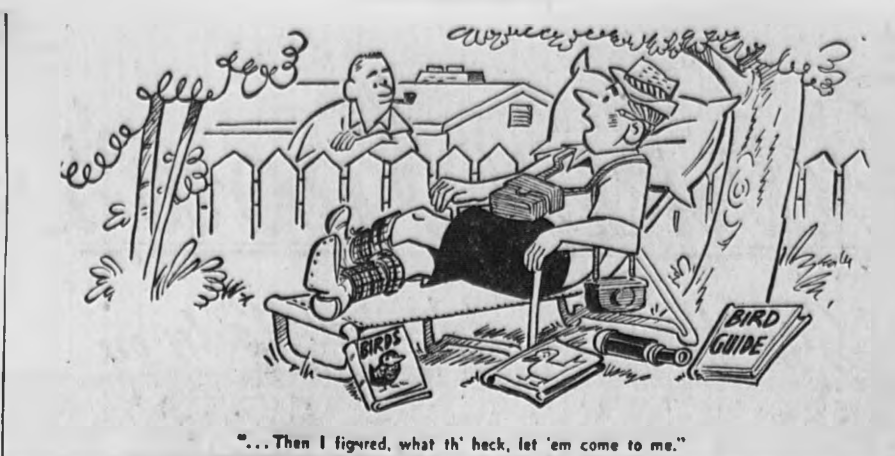

O'Neill incidentally, has emphasized that in bidding for the Democratic gubernatorial nomination, he will be running strictly on his own and will not endeavor to capitalize on the fact that he served last fall as Governor Furcolo's campaign manager.

Furcolo undoubtedly will maintain a strictly neutral and hands-off attitude toward the struggle which already is shaping up, 13 months in advance of the State convention. He could scarcely afford to do otherwise, for he'll have problems of his own when the time comes to launch his drive for the seat in the U. S. Senate held by Leverett Saltonstall.

O'Neill's strategy apparently will be to go all-out for the convention endorsement. If he wins it, he obviously would head on into the primary. Should he lose at the conclave, he presumably would run for reelection to his present seat in Congress, which he holds securely.

Ward is likely to follow a similar course. He'll make a big bid at the convention and, if he fails in his quest for the gubernatorial endorsement, settle for a lesser spot on the Democratic ticket.

Macdonald hasn't indicated what his course of action will be. In fact, if he's pinned down, he will not even admit

Atty. Gen. McCormack Gaining New Prestige

Attorney General Edward J. McCormack, Jr., is one Democratic official whose prestige and public stature have increased tremendously during the time he has been in office.

Not only has McCormack remained apart from the political feuds which have developed on Beacon Hill during the past several months but he frequently has been instrumental in bringing warring factions together and in restoring peace to the Democratic ranks.

McCormack has taken stands on highly controversial issues. He has done so in such a forthright manner, however, that even those persons who disagree sharply with his views respect his position.

For example, McCormack has strongly advocated the abolition of the death penalty in Massachusetts. The arguments he has offered in support of such a move are in direct conflict with those advanced by his predecessor, the late George Fingold, who believed in capital punishment.

Yet, those who differ with McCormack and feel that the State should maintain the right to send a man or woman to the electric chair concede that the Attorney General has the courage to stand by his own convictions.

The same thing was true of McCormack's action in supporting a bill which would curb his own power and that of the various District Attorneys to gather information by wire-tapping.

One thing about McCormack is that he does not sidestep even the most controversial issues. He meets them head-on, and by doing so he has been building respect for himself even among those who disagree with his opinion.

Varied Opinions On Legislative Timetable

Sharply conflicting estimates have been made by well informed persons on Beacon Hill as to how long the Legislature is likely to remain in session this year.

State Senate President John E. Powers has mentioned June 15 as a possible target date for prorogation. Powers believes that the legislators can clear up all the business before them by the middle of next month.

Other State House observers are convinced that the legislative session will not be concluded until some time in September. They feel that Powers is over-optimistic in his forecast.

Developments during the next few weeks should come pretty close to determining just how long the Legislature will be in session.

Present indications are that the Governor's budget will be reported out next week and that it should be finally acted upon by the House about 10 days or two weeks later. Republican leaders have requested that they be allowed one week in which to study it.

Then will follow the big battle over the sales tax.

Experts who have scrutinized the budget claim that it cannot be cut enough to eliminate the need for additional taxes without curtailing public services or abandoning projects to which the State already is committed.

Persons close to Governor Furcolo declare that if the budget is slashed too deeply he will return it to the Legislature with a demand that the cuts be restored. They assert that the Governor also will insist that sufficient taxes be provided before the end of this legislative session to balance the budget.

That seemingly means that the Legislature could be in session a long time unless a budget which meets Furcolo's approval is adopted and that the sales tax is enacted to provide the money needed.

but also in the issue at stake in the controversy.

If the aldermanic vote is upheld, it would mean that the city fathers can decree that School Committee members cannot travel outside the state at public expense to attend conventions or any other kind of educational gatherings.

The San Francisco convention was the only affair outside Massachusetts which Newton School Committee members were planning to attend this year.

As far as is known, the present clash between the Board of Aldermen and the School Committee is the first of its kind in the city's history.

The 11 Aldermen who voted Monday night to restore the \$1100 to the school budget were Joseph G. Bradley, Melvin J. Dangel, Franklin N. Flaschner, Theodore D. Mann,

Women Voters League Wires City Officials

The League of Women Voters of Newton has sent telegrams to all members of the Board of Aldermen in which is expressed their long-established views pertinent to the financial independence of school boards. The league is taking no side in the local controversy but wishes its opinion to be known.

Copies of the letter were also sent to Mayor Whitmore and to the chairman of the school board.

John McCarthy, Carleton P. Merrill, Charles H. Morang, William M. Powers, Paul L. Rich, William P. Ripley and Hiram Sharf.

Those who voted for the cut and against the restoration of the \$1100 were Aldermen W. C. Auryans, Leo M. Cannon, Charles M. Cosgrove, Harry H. Ham Jr., George L. Hicks, John P. Nixon, William H. Prentice, Warren Sutherland, Edwin A. Terkelson, Earle D. Wood and Wendell R. Bauckman.

The two absentees were Aldermen Charles F. Hovey and William J. Robinson. It is understood that a deadlock still would have prevailed even if they had been in attendance and that one would have voted for the cut and one against it.

Indications today were that a 10-taxpayers' suit will be brought in the equity session of Superior Court in an effort to force the Aldermen to restore the \$1100.

Under the law there are three ways such a suit can be brought: 1) by the Mayor; 2) by the Attorney General; 3) by 10 taxpayers.

The School Committee members reportedly prefer to have the suit brought by 10 taxpayers who are Newton residents and are not likely to ask either the Mayor or the Attorney General to enter the controversy.

A fairly fine legal question appears to exist on whether the Aldermen have the right to cut out-of-state travel funds for the School Committee.

It is an accepted fact that a Board of Aldermen has no authority to reduce appropriations for certain school purposes which are spelled out in the law.

Out-of-state travel by School Committee members is not specifically designated in the law as one of those purposes.

However, a court battle was waged last year in Braintree over a \$20,000 cut in the school budget, and a Superior Court justice ordered the \$20,000 restored.

A \$250 allowance for out-of-state travel for School Committee members was included in the \$20,000 put back by court order.

School officials maintain that while out-of-state travel is not specifically mentioned as one of the school purposes which cannot be reduced by city or town, it is implied.

That is the point on which a court fight over the \$1100 presumably would hinge.

Alderman Sharf led the fight at the Aldermanic meeting for the restoration of the budget item, arguing that the amount was too small to be the subject of such a "fuss."

Alderman Flaschner joined him in the debate, maintaining that the \$1100 item should not be the issue in a battle of jurisdiction.

Opposing the appropriation, Alderman Prentice indicated he would welcome a court test in the matter, asserting that it offers an opportunity for the courts to decide where the responsibility lies. Prentice contended that out-of-state travel accounts always have been for members of the school department's professional staff.

support of the "Fifty Three Minute March."

The Mayor urged all Newton citizens "to take full advantage of the services being offered and to give their utmost support to the 53 minute march."

It is so-called because palsy strikes at the rate of once every 53 minutes in this country. The drive will be staged May 19 to raise funds for the United Cerebral Palsy Association of Greater Boston.

PTA Councils Meet Tonight

The annual meeting of the Newton Council of PTAs will be held tonight at the Hamilton School in Newton Lower Falls. Irving Helman, council president, will open the meeting at 8 o'clock.

Wilson Colvin, junior high school coordinator, will discuss student government in the seventh, eighth and ninth grades, and how this contributes to understanding of a democratic form of government.

William Winton, director of audio-visual education in the Newton schools, will present a film, "School-Away-from-School," featuring a trip to Peterborough. He will give the commentary with the film.

Also at the meeting, a revision of the by-laws will be voted. Copies have been sent to all delegates, PTA presidents and principals of 30 schools in Newton.

The nominating committee composed of Mrs. Edward Landy, Mrs. L. Tillman McDaniels, George Rubin, Ira Berman, and Frank Zervas, chairman, have proposed the following slate: Irving J. Helman, president; Jerome Grossman, Mrs. Robert B. Hull and Robert Ward, vice-presidents; Mrs. Richard T. Mitchell, executive secretary; Mrs. Thomas Fitzgerald, recording secretary, and Mrs. Samuel Beaser, treasurer.

DISCUSS NURSERY SCHOOL—Shown making plans for Nursery School at Newton Community Center are, left to right, Mrs. Richard Mintz and Mr. Ernest Keubler, with William Byrne, director

Community Centre To Open Nursery School

Applications are being received for the full-time Nursery School program now being planned by the Newton Community Center, 420 Cherry Street, West Newton.

The program will be inaugurated at the Center in September, and will run approximately forty weeks to coincide with the public school schedule. Transportation will be offered at a nominal, additional fee.

The Nursery School will accept both boys and girls of pre-kindergarten age, on a priority basis.

Parents wishing information may visit the Center to inspect the facilities and equipment, or may telephone to William Byrne, director, or Mrs. Thomas Lepore, assistant director, at BIelow 4-2260.

For many years the Community Center, which aims to provide social advantages to all Newton families and to all ages from the very young to the elderly, was unable to offer a full-scale program for little tots, because of lack of facilities and workers. But the present building with its very ample space now makes it possible to add this department for which there has been great demand, without conflict with other activities.

Modern, approved equipment has been installed and a staff of well-trained, experienced instructors will be in charge to offer a diversified program.

tor of the department of week-day religious education at the National Council of Churches.

Presiding during the day and leading the worship service at 10:30 will be the Rev. Dr. H. Glenn Payne of the First Baptist Church, Wakefield, who is chairman of the Council's Department of Religious Education.

Taking part in a panel discussion during the morning program will be the Rev. Sargis Mason of the Massachusetts Baptist Convention; the Rev. Douglas Dorchester, of the Presbyterian Synod of New England; Miss Lillian Boyd of the Massachusetts Episcopal Diocese; and Mrs. Edith Zibell of the Massachusetts Baptist Convention. The moderator for the panel will be the Rev. David DeRogatis, of the Andover Newton Theological School.

The annual report for the Department will be given by Dr. Olivia Pearl Stokes, director of the Department of Religious Education.

Others participating will be the Rev. Frank Weiskel, pastor, and Mrs. John H. Lavelle, director of Religious Education, both of the host church. The theme for the day-long meeting will be "Christian Education in the Summer."

A Newton alumnus, Carl Stiles of 43 Irving St., has been appointed a member of the 35th anniversary reunion committee for the class of '24 at Wentworth Institute to be held May 9.

Newton Church Family Incomes Top Average

The annual average income of families belonging to Protestant churches in Newton is 77 per cent above the national \$5,060 a year.

A recent survey of economic opinions, habits and responsibilities of members of 20 Newton Protestant churches showed that the annual income amounted to \$9,000 for 59 per cent of the families. More than one person was gainfully employed in only 27 per cent of the groups questioned.

The United Church Women of Newton participated in the National survey. It was part of the annual May Fellowship Observance last Friday.

Results obtained in Newton will be added to the thousands of others obtained in American communities for use by the National Christian Social Relations Committee of the United Church Women, and the Department of the Church and Economic Life of the National Council of the Churches of Christ in the U.S.A. The information will be used to play future Christian Stewardship.

Of those polled, 88 per cent said they owned their own homes in Newton and 78 per cent said they were able to save regularly.

\$55 Tax Rate
(Continued from Page 1)

from the reserve fund, and his recommendation was overwhelmingly followed.

Newton's surplus this year will be the largest in its history, it was reported.

The record-high surplus resulted from several factors, foremost of which was the improved planning of the municipal departments in their services and functions and a more efficient operation which resulted in substantial turn-backs at the end of last year.

Also contributing to an economical operation of the city government was the introduction of a new coded budget form with resulting closer controls over expenditures.

As in previous years, substantial economies were accomplished through centralized purchases. A lesser amount than usual also was spent by the city for the removal of snow and ice.

Principal factor in the \$1 tax rate increase was a \$725,000 rise in the school budget which represents about \$2.70 on the tax rate.

Newton Women In Roles For May Dance Party

Mrs. Joshua Levy, of Newton, will be chairman of the decorations committee for the forthcoming springtime costume dance to be held at the deCordova Museum in Lincoln on Friday evening, May 22nd. She is working closely with Ben Black, of Brighton, talented designer who has done the choreography for the dance.

Mr. and Mrs. Jerome Rosenfeld, of Newton, will be patrons and are among those already planning imaginative costumes to carry out the "Dreams of Glory" theme.

Ruby Newman's full band will provide music for dancing under-the-stars on an outdoor pavilion. Mrs. Levy's committee is planning lavish and unusual decorations to lend a truly out-of-this-world atmosphere to the natural beauty of the Museum's surrounding park.

Fred Walkey, museum director, hopes the affair will not only benefit the museum financially, but will introduce many out-of-town people to Lincoln's unique art center, thereby broadening its circle of influence.

Membership Drive Set By Temple

A vigorous campaign aimed at swelling the ranks of its membership will be officially launched by Temple Reym of Newton at a workers supper on May 11. This "orientation meeting" in the Temple Social Hall will detail plans and activities for the all-out spring drive and will formally designate May as "Reym Membership Month."

Highlight of the membership campaign will be "new members nights" scheduled to be held at the Temple on May 26 and 28. Rabbi Philip Kieval, spiritual leader of the Congregation, and Temple leaders will welcome new and prospective members, and a corps of ushers will conduct tours of Reym's new building at 1860 Washington St., West Newton.

Reym, formerly housed at Chestnut Street, moved to its present quarters in September of 1958. The new building, of red brick and modern architectural design, consists of the sanctuary, social hall, rabbi's study and activities room. With a permanent seating capacity of 295, its facilities can be expanded to seat 1000.

The membership campaign, under the general direction of Myron D. Idelson, Membership Chairman, will be climaxed by the June registration for both divisions of the Temple Religious School.

Assisting Mr. Idelson in campaign activities are Dr. Davis Perlmutter and Myron Thurman, Campaign Co-Chairmen, and the following committee members: Paul Goldstein, Sol Kaufman, Sol Nigrosh, Samuel O. Silver, Samuel Gerson, David Wilson, Manuel Rosenthal, Harry Perlmutter, and Mrs. George Chalitzky, Mrs. Arnold Weisman, Mrs. Leonard Levin, and Mrs. Theodore Shane.

Captains of the Women's Division include: Rachael Brown, Millie Marcus, Sally Green, Eleanor Alfred, Evelyn Perlmutter, Jerry Teitelman, Rhoda Galer, Sarah Bickelman, Charlotte Chipman, Ethel Wilson and Vivienne Lapon.

David Caldwell Is Winner

75 Students Compete In Annual Tournament

Director Walter Taylor of Newton Junior College today announced that first prize in the 13th annual Secondary School Mathematics Tournament goes to David Caldwell, of Boston Latin School.

Caldwell, the runner-up last year, wins the \$50 first prize award, contributed by Arthur D. Little Co., Inc.

The runner-up to Caldwell this year is Stephen Livernash of Concord High.

There were 75 students, from 25 secondary schools who participated in the contest, held last Friday afternoon at the College Library.

This marked the first time that a parochial school, St. Mary's of Waltham, had entered, and the second time that Milton Academy sent a team of three students to participate.

Each school was limited to three entries.

The tournament this year was dedicated to the memory of the late Charles H. Mergendahl, first dean at the College and for many years head of the math department at Newton High.

Mergendahl and Thomas G. Walters of Newtonville were co-founders of the tourney, and were to have been the judges. Walters acted as judge alone, however.

Under terms of the contest, the student who finished last from his school also wins a prize. These included Gerald

Rogell of Newton, Derik Tattersall of Needham, Forbes Little of Westwood and Margaret Horton, of Milton Academy.

Acting as hosts were Donald Lawn, president of the College student council, and James Woodside, chairman of the House Committee.

Albion Pie Social

A Pie Social will be held by the Albion Club at the Newton Community Centre on May 25, but members are still talking about the St. George's Day dance recently when Fred Maloney was the master of ceremonies. The decorating committee was headed by Mrs. Mary Nelson, and refreshments were served by Mrs. Doreen Neal and her committee.

Mrs. Iris Lowell presided at the club's monthly meeting at the Community Centre on April 27 and after the business meeting Mrs. Kay Darte reviewed the purposes of the Albion Club. Mrs. Iris Lowell, Mrs. Maureen Healy, and Mrs. Irene Goldman gave short autobiographies. The main event of the evening was a Swap Party. Plans were made for visits to the Dr. C. Benjamin Fuller Infirmary, in Waltham, during May.

Two Middlebury College students from Newton Highlands were elected to sorority posts in Spring elections. Miss Melinda Robart, a sophomore, daughter of Mr. and Mrs. Winslow Robart of 257 Lake Ave., was elected treasurer of Sigma Kappa. Miss Jane B. Willey, a junior, daughter of Mrs. James R. Willey of 32 Manchester rd., was chosen social chairman of Kappa Kappa Gamma.

Newton Hi Wins St. Johns Relays

Despite the loss of five established trackmen this Spring, Newton High School's well-balanced team successfully defended its laurels in the St. Johns Prep Intercollegiate Relays at Danvers Saturday afternoon.

Coach Eddie Boyle's Tigers scored 34 points as they established new meet records in the shuttle hurdle event and in the 880-yard relay.

Boston English was runner-up with 26 points.

The new hurdle mark of 57.9, set by Dick Hession, Dick Tudor, Bob Pupa and Vern Rollins, broke the old mark held by Rindge for nearly three seconds.

In the 880, the Newton team of Larry Smith, Ed Flowers, Dick Hession and Dick Guz-zetti, set a mark of 1:34.3 to smash the old record by 1.5 seconds.

The field events are also contested as relays and three boys from each school constitute a team. The heights or distances are added for team totals.

Newton scored points in seven other events, as well as setting new records in the shuttle and 880.

Newton teams were second in the sprint medley broad jump, discus and shot. They were third in the 440 and the javelin, and added a fourth in the pole vault.

Newton 5, Waltham 0 In Hi BB

Behind the live hit hurling of Bob Beauregard, Coach Howie Ferguson's Newton High blanked Waltham High 5 to 0 in a Suburban League baseball game Monday afternoon at Newton High Field.

It was Newton's fifth victory in six League starts, and their sixth consecutive win in a row.

But the real test for the Tigers will come when they 'angle in successive games with Cambridge, which tied Newton in 1958 for the League Title, and Brookline.

The Newton-Waltham game, postponed from Friday because of wet grounds, began as a pitchers' duel between Beauregard and Lefty Mike Shane, but the latter got poor support.

Four of Newton's five runs were unearned, coming largely as a result of seven Waltham errors.

Beauregard, a junior, pitched a steady game. He struck out nine men, walked only two, and had hefty support at the plate from Buddy Russo and Cliff Gaysunas, who had two of the six Newton hits.

The first inning was typical. Newton scored two runs on only one base hit—a bunt, plus errors and walks.

Dr. Bliss Is Honored By Gold Medal Award

The Republic of Lebanon has conferred the Gold Medal of Merit upon Rev. Dr. Bliss of 9 Somerset Rd., West Newton, secretary of the American Board of Commissioners for Foreign Missions.

The medal, a high order of the Republic, was conferred upon Dr. Bliss in Beirut by Sheikh Pierre Gemayel, Lebanese Minister of Education. The occasion was the 93rd Founders' Day Celebration of American University in Beirut established by Dr. Bliss' grandfather, Dr. Daniel Bliss in 1866.

In presenting the medal on behalf of the Lebanese Republic Sheikh Gemayel said:

"We wish to express our gratitude to the founder and first president of the American University, Dr. Daniel Bliss and to his son, Dr. Howard S. Bliss, second president of the university. We rejoice to see the educational tradition thus begun carried on by the founder's grandson, Dr. Daniel Bliss, former instructor and now trustee of the American University and chairman of the board of trustees of International College, a part of the university. Lebanon looks forward to many more years of useful service by both bodies."

Present at the ceremony

DR. DANIEL BLISS

were Dr. J. Paul Leonard of San Francisco, university president; and Adil Ouseiran, president of the Lebanese parliament and speaker of the house, who learned English from Dr. Bliss while a student at the university.

Dr. Bliss was attending a meeting of International College trustees to lay plans for moving the college which now shares the American University.

School Board Approves Court Fight On Budget

Court Action in 2 Weeks In School-Aldermanic Row

Preparations were being carried forward this week for a court fight to test the right of the Newton Board of Aldermen to slash \$1100 for out-of-state travel from the school department budget.

Indications are that a taxpayers' suit will be filed in Middlesex Superior Court in about two weeks to precipitate a legal showdown in the conflict between the Aldermanic Board and the School Committee over the \$1100 budget item.

At their meeting on Monday night the members of the School Committee unanimously endorsed and approved the move underway by a group of Newton citizens and taxpayers to place the issue before the court.

What a Superior Court justice will be asked to decide, a spokesman for the group told The Graphic today, is whether the Board of Aldermen or the School Committee has the right to determine the use of

out-of-state travel funds in the school budget.

Thus, the lines are being speedily drawn for a court fight between the two Newton elective bodies which could have far-reaching implications when it is settled.

The Board of Aldermen allowed funds in the school budget for out-of-state travel by professional staff members of the school department but knocked out an \$1100 item which was to be used to reimburse three School Committee members for the expenses they incurred when they journeyed to California in January to attend a national convention of School Boards.

An interesting bit of speculation centers on the steps the Board of Aldermen will take to defend their action in court in cutting the \$1100 from the school budget.

It is anticipated that the city fathers will request that City Solicitor Matt B. Jones represent them in court.

However, the Aldermen split down the middle over the question of slashing the \$1100 budget item which caused the present controversy.

When an attempt was made last week to restore the \$1100

GOP Club To Discuss Tax

The annual meeting of the Newton Republican Club will be held Wednesday evening, May 27, at the Waban Neighborhood Club on Beacon street. The proposed sales tax will be discussed and officers nominated.

The club is presenting the program so that both sides of the story may be brought before the people of Newton. All interested citizens are invited to attend the meeting by President James K. Fitzpatrick.

Local Dwellings Face Total Destruction In Weston Fire

Dwellings on Central street, in Auburndale were threatened, and the roof of one actually was set ablaze by flaming embers, as billowing flames destroyed the once-famous Riverside Recreation Center in Weston.

Wooded areas across the Charles River were set afire, and residences were threatened until fire fighters from seven communities poured tons of water, and set up effective control measures.

The general alarm blaze, one of the most spectacular in this region in years, attracted some 40,000 spectators, many of them from Newton.

Auto traffic on streets for miles around was paralyzed, and highway traffic on busy Rte. 128 was backed up for 30 miles in both directions.

The wind-whipped flames

destroyed the boathouse, the 400-foot pavilion along the swimming pool and the foot-bridge leading from the famed picnic area to the Riverside railroad station in Auburndale.

The Recreation Center had been closed to the general public five years ago, and since then had been used only as a day camp by charitable organizations.

Actually, the blaze carried out the orders of the Massachusetts District Commission, which only on April 2 had condemned the structure, and ordered it razed.

Even before the flames had destroyed the 61-year-old Center, Supt. Edward L. Connelly said the MDC had made plans to accommodate the day campers.

The first alarm was sound-

ed Sunday at 7:12 p.m., and eight minutes later the general alarm was ordered.

This brought aid from Newton, Dedham, Needham, Waltham, and Wellesley to assist the Weston men and apparatus.

By the time the initial apparatus reached the scene, the flames had jumped to the boathouse, which was leveled in 20 minutes.

Explosions punctuated the flames, and these were believed to have come from discarded cans which contained a small amount of fuel.

As the slate roofs of the structures buckled and collapsed, fire fighters abandoned efforts to save the buildings but concentrated all their manpower and equipment to prevent the flames from spreading.

Flaming balls of debris were hurled by the wind across the river, and set fire to the dry trees and woodland. Tons of water were poured on the area to check the flames in the dry trees and underbrush. Set afire was the roof of the home of Murdo McKenzie at 399 Central street, Auburndale.

Cause of the fire is under investigation. Officials lean to the theory that it might

Sinko To Be Boys' Club Award Guest

Favor \$15 Million Apartment Plan Here

The Newton Chamber of Commerce and the Taxpayers Association strongly support a proposal for establishment of a new Zone "F" which would permit construction of a \$15 million apartment development in Newton Highlands.

The recommendation of Mayor Howard Whitmore, Jr., was favored at a public hearing conducted by the Planning Board and Aldermanic Claims and Rules Committee at the City Hall Monday evening.

The proposals embody a plan for a group of 15 to 20-story apartment buildings, which would contain a large number of one-room "bachelor" apartments. There would be 20 apartments on each floor of the various buildings.

Favoring the recommendation for forming the new district, Residence "F", were Justin T. Horan, executive secretary, and Dwight Colburn, past president, of the Chamber of Commerce.

Also in favor were Lorenz F. Muther Jr., executive director of the Taxpayers' Association, and former Alderman Ernest G. Angevine.

Meanwhile, the request of Boston College for permission to construct three dormitories

on the old Liggett estate on the Chestnut Hill campus was

Hawkes Resigns: To Becomes Headmaster

Harold M. (Bud) Hawkes resigned this week as head coach of the Newton High School football team to accept a position as master of one of the six houses into which the high school will be divided next fall.

His successor as gridiron mentor will be chosen from the present personnel in the high school's physical education department, according to members of the School Committee.

School Superintendent Eric N. Dennard was directed by the School Board at its meeting Monday night to screen the applicants for the coaching post and to make a recommendation to the committee.

Chairman Haskell C. Freedman of the School Committee emphasized that the committee will not go outside the Newton school system to get

a new coach and will not consider applications from coaches at other high schools.

Hawkes served for six years as Newton High School's football coach. During that time the Orange and Black grid teams had a record of 34 victories, 13 losses and 5 ties.

His greatest success came in 1953, his first year as coach, when Newton won all eight of its games and tied with Weymouth and Lowell for the Eastern Massachusetts gridiron championship.

In his undergraduate days he was an outstanding center at the University of New Hampshire. Hawkes came to Newton as a science teacher in 1947. Before that he had 13 years of experience at school and college teaching and coaching.

Car Crash Darkens 100 Homes

An Edison repair crew restored power in three hours early Tuesday to approximately 100 West Newton homes after an automobile snapped off a utility pole near 459 Crafts street.

The transformer landed on the auto of Curtis A. Morrell of 71 Faxon street, Newton. Morrell was treated at Newton - Wellesley Hospital for an injury to his chin.

The Fire Department closed Crafts street to traffic until the Edison crew completed repairs.

Stress Bargains Galore At Newton Centre Sales - Now

The accent is on free gifts and free X-rays, but the overall emphasis is on bargains galore as merchants belonging to the Newton Centre Business Association stage their second annual May Day Sales.

The time is right now—today, tomorrow and Saturday.

The free gifts consist of balloons and things for the small fry, and a genuine circus clown is on hand to tickle the funny-bones of everyone.

And as usual, one merchant is giving away a free baloney sausage to his customers. Last year he gave away 1,000, and this year hopes to better that record.

A hardware store will have a door prize every hour on the hour.

But the bargains are on sale

all the time in every shop in the area.

The Anti-Tuberculosis Association will have a mobile unit parked in the school yard in Newton Centre for absolutely free chest X-rays. The hours are from 10 a.m. to noon and from 1 to 4 p.m. on Saturday.

have been set accidentally by small boys.

An MDC patrolman and a Newton father fishing with his two sons from a pier near the pavilion spotted the flames at almost the same time.

Patrolman Robert Hargrove said he saw two boys in a window on the second floor of the three-story wooden pavilion.

He said he shouted to the boys and started toward them. But they raced down a rear stairway and ran across the footbridge to the Auburndale side of the river.

Then Hargrove shouted a warning to Saul Primack of 16 Stiles Terrace, Newton Centre, and his sons Richard 9, and Mark, 11, at about the moment they spotted the smoke curling from the far end of the pavilion.

The Recreation Center was built in 1898 by the Blake Family of Weston, and later was turned over to the MDC. It once was the favorite recreation area for residents from miles around.

Entire families came from Weston, Newton and surrounding communities—first by horse and carriage, and then by the new-fangled horseless carriage—to enjoy the picnic facilities, swimming and boating, tennis and dancing.

When canoeing was in vogue, the boathouse was the focal point of many regattas. But the relocation of Rte. 128 about 10 years ago cut into most of the parking area, the tennis courts and the picnic grounds.

Arrest In Goldstein Garroting

An ex-convict from Revere is being held in \$100,000 bail by Boston police in connection with the gangland-style slaying of Philip Goldstein, 45, last week.

The suspect was arrested late Tuesday and held as a fugitive from justice, and as an accessory after the act of murder.

Goldstein, a reputed gambler, formerly lived at 20 Juniper Lane, Newton Centre, and formerly was an official of a Waban cleaning concern.

His garrotted body was found stuffed in a stolen car abandoned in East Kingston. N. H. Goldstein had a record of 28 arrests, and a conviction as a bookie.

A year ago he moved to Hull.

MTA Starts New Service July 1; Fare 20 Cents

The Oak Hill improvement association was told at its annual meeting at the Meadowbrook Junior high school that MTA service would begin July 1st.

Anthony D. Pompeo, Chairman of the Board of Trustees of the MTA, assured Newton residents that they would have the same 20 cents fare rate.

"We have no studies, nor are we considering increasing the present fare," Pompeo said, "as experience has shown that fare increases bring a decrease in passengers."

Mayor Howard Whitmore Jr. spoke on "How a Sales Tax Would Affect Massachusetts Communities, Particularly Newton."

He outlined in detail his opposition to the so-called "tax limit" sections of the pending bill, and said:

"I cannot subscribe to the thinking or suggestions of those who advocate enacting this bill in its present form in order to get it 'on the books' and try to change it by amendments at a later date."

"We have many, many examples of such an unwise procedure. Such thinking leads to bad legislation."

Lorenz F. Muther Jr., Executive Director of the Newton Taxpayers' Association, predicted a rise in Newton's tax rate to "the middle 60 dollars" in the next six or seven years.

"Our major hope in keeping the tax rate down would be through new valuations," Muther said.

He recommended that serious consideration be given to new multi-family construction.

Newly-elected officers of the Oak Hill District Improvement Association were: President: Jack M. Roberts; 1st Vice Pres.: Dr. Samuel Hedrick; 2nd Vice Pres.: J. Harold Goddard; Secretary: Mrs. George J. Elbaum; Treasurer: Robert M. O. Kennard.

New Directors to 1962 are Wayne O. Whiting, Edward M. Hallett Jr., and George J. Elbaum. Auditor is John B. Stetson.

Mrs. Blake Tennant, Mrs. Robert S. Lowry will be in charge of door prizes.

In charge of the show sponsored by the Dorcas Guild will be Mrs. George L. Holmes, Jr. Decorations will be arranged by Mrs. Walter Spencer Jr., Mrs. Blake Tennant, and Mrs. Allen R. Talby, Jr.

Others serving on committees and working for the success of the show are: Miss Helen Hoffman tickets; and Mrs. Earl F. Nauss, Jr., publicity.

Jackson Homestead Re-Enacts Hannah's Wedding Back in 1840

The old Jackson Homestead in Newton will re-enact a wedding reception of long ago at a special 150th anniversary celebration on May 26 and 27.

The colorful affair will be open to the public.

Hannah Woodward Jackson, married in 1840 to Henry W. Fuller of Newton, will "greet" guests in the parlor in her white China silk wedding gown. Her "going away" trousseau and luggage, including accessories and a carpet bag, will be in the bedroom.

Suitable wedding gifts of the period, many of them Jackson family possessions, will be shown in the exhibit room.

A real wedding cake, made by Mrs. Orin E. Skinner of Newtonville from a very old recipe, will have a place of honor in the dining room. Another cake will be served to guests.

There will be flowers, and more flowers, all over the house as each Newton Garden Club decorates the rooms. Refreshments will be served on the terrace, weatherman permitting. Several of the hostesses will wear period costumes.

The hours? On Tuesday, from 2 to 5 o'clock and from 7 to 9 o'clock so the men may join in the festivities. On Wednesday, from 2 to 5 o'clock only. The address? 527 Washington St., Newton. This celebration of the building of the Homestead will be the last event of the season.

Mrs. Ralph E. Keyes is in charge of the overall program. Others working with her are Mrs. Skinner wedding cake; Mrs. Edward J. Sawyer and Miss Jean F. Howard, gifts; Miss Loraine Cotting, costumes; Chestnut Hill and Newton Garden Clubs, flowers; Miss Adelaide B. Ball, refreshments; Mrs. Newell J. Trask, tickets; Miss Betsy Allen, publicity; and Mrs. Malcolm N. Jackson, special correspondence with Jackson descendants.

Others, either working on committees or loaning their family heirlooms for the occasion, include Miss Florence C.

Bacon, Mrs. Frederick S. Bacon, Mrs. Nathan D. Bugbee, Mrs. Frank H. Dillaly, Mrs. F. Leslie Ford, Mrs. R. Wilson Hammel, Miss Mary Lee, Mrs. Alexander I. Peckham, Mrs. William H. Walker, Mrs. William D. Wellock, Mrs. Ralph D. Weston, Mrs. Richard S. Willis, Miss Jane M. Wyman, and Mrs. H. L. Sears, Director of the Homestead.

Four students from the Newton area are on the Dean's list at the Univ. of New Hampshire for the first semester. They are David Hoeh and Judith Vogel of Newton Highlands; Carole Weedon of Waban and John Zottu of Newton Centre.

State Seeks Jobs For Scores of New Graduates

Some 150 Newton students already have registered for summer employment with the Division of Employment Security Office at 280 Centre St., Newton. It was announced today by Manager Anna L. Kenney.

The announcement came as another graduating class is about to enter the labor market, and calls for increasing emphasis on the placement of youth in the weeks to come.

The local office of the Division of Employment Security has sent letters to every employer in the area in search of job opportunities for these

graduates.

The girls and boys have been registered, counseled and tested and are ready to make the transition from school to work.

"Labor forecasts predict our prime working force, those between the ages of 25 and 45, will not be large enough to meet the expansion needs of these young graduates," Miss Kenney said.

She asks that if local employers have an opening either for permanent or summer work to call the Division of Employment Security Office, Bigelow 4-2725.

Governor Furcolo Facing Major Legislative Crisis

One of the mysteries of the year on Beacon Hill has been the apparent inability of Governor Furcolo to regain control of the State legislature.

The Governor's relationship with the legislative branches of the State government has deteriorated to the point where his entire program seemingly is endangered and persons close to him are becoming alarmed.

When he began his second term back in January, with the first completely Democratic controlled Legislature in Bay State history, Furcolo's prestige was at a high peak, and he could have obtained the enactment of about anything he desired, including probably a sales tax.

Since then, however, his influence over the actions of the law-makers in his own party has declined to such an extent as to puzzle most State House observers who are unable to pinpoint the reason for it.

Unless the dissension which is now splitting the Democratic majority on Beacon Hill is eliminated swiftly, the Governor's budget is in for a drastic cutting, and his sales tax measure is destined for defeat.

When Furcolo says that his sales tax bill has a 50-50 chance of passing the House of Representatives, he either is being over-optimistic or is unaware of the sentiment in the Legislature.

For a brief time Furcolo appeared to be picking up support for his sales tax proposal. But it was only a momentary flurry which died away instead of gathering momentum.

The lack of a harmonious working relationship between Governor Furcolo and the first entirely Democratic-dominated Legislature Massachusetts ever has known not only has important political implications but could result in a paradoxical situation.

Democratic legislators are likely to find themselves voting against measures they ordinarily would support, and Furcolo could wind up with little of his legislative program enacted into law.

In the past the Democrats have been able to blame the Republicans — in recent years a GOP Senate — for their inability to adopt measures which were sidetracked or pigeon-holed somewhere along the line.

This year, however, total and complete responsibility rests on the Democrats for what is and isn't done on Beacon Hill.

Most of the top Democratic leaders in the Legislature are responsive to Governor Furcolo, but they have been unable to correct the situation confronting them.

The reason the members of the House ways and means committee have sat on the sales tax bill is that those committee members who favored the measure realized the Governor and his agents had not lined up the votes to get it through the House.

They recognized, too, that there was no chance of mustering any substantial Republican support of the sales tax proposal until after the Governor's budget had been voted upon.

So the committee has held back the two measures to give Governor Furcolo and his lieutenants time to woo balky Democrats back onto the reservation. Up to this time, however, the reluctant Democrats haven't been wooed, at least not effectively.

Unless the Governor can accomplish something approaching a miracle in a very short period of time, he will be confronted with problems of monumental proportions.

If the Governor's budget is cut in meat-and-bone fashion and the sales tax is thrown out, it might meet the situation temporarily. But the State will be faced with a financial crisis next year — an election year — when there will be even less chance of obtaining a sales tax than there is now.

One economist, who has studied the State's financial picture, estimates that if the sales tax bill is rejected, Massachusetts in two years will be in the same position as Michigan where State employees have been experiencing payless pay days.

It is difficult to determine why Furcolo is having so little success in inducing the Legislature to follow his leadership.

His liaison agents with the Legislature obviously have not done an effective job. Usually, however, the Governor takes such matters into his own hands and straightens them out himself. Invariably, he's his own best lobbyist.

Governor Furcolo is an astute politician. He's convincing and persuasive. Two years ago, he lined up more Democratic votes for the sales tax than almost anyone thought possible. Having won reelection by a big margin, he should be in a much stronger position today than he was in 1957.

That is not presently the case. Some onlookers feel that the Governor may have devoted too much time to other matters and not enough to personal contacts with individual legislators whom he might be able to swing into line.

Whether that is true or not, the picture facing Furcolo as he nears a showdown on both his budget and his sales tax bill is far from a bright one. He may be able to change it in the time still remaining. But he's the only one who can do it, if, indeed, it can be done at all.

Governor Furcolo's trouble with the Legislature began when his withholding tax bill, after being steamrollered through the House, was held up and amended in the Senate.

That, however, was something which should have been quickly ironed out and forgotten, and it is obvious that the problem goes far deeper than that.

An odd aspect of the conflict looming ahead over the Governor's budget, incidentally, is that while some Democratic legislators insist that it can be reduced sufficiently to eliminate the need for any new taxes, a noted economist retained by the Associated Industries of Massachusetts to study both the budget and the sales tax bill reported that can't be done without curtailing public services or cancelling out commitments the State already has made.

In some respects the coming budget battle will be one of the most unusual ever waged on Beacon Hill. Ordinarily a

Ahern Heads BU Giving Program

Local assistance is being given to the conduct of the second Boston University Annual Giving Campaign for unrestricted funds during May and June.

Both Class and Regional organizations are combining their efforts to obtain from fellow alumni funds which can be used by the University where they are most needed. Current needs include faculty salaries and operating expenses.

General chairman of the Annual Giving Program, John I. Ahern, College of Business Administration, 1930, of Newton Upper Falls, is vice-president of the New England Electric System.

The volunteer alumni workers in this area are, Team Captains: Mary C. O'Keefe, of 78 Washington Street, Newton, Graduate School, Class of '49; Ray Buell Jr., of 44 Austin Street, Newtonville, School of Education, Class of '54; Emily P. Burton, of 8 Allston Street, Newtonville, College of Liberal Arts, Class of '14; Catherine B. Anderson, of 111 Moffat Road, Waban, Graduate School, Class of '52; Francis A. Parker, of 19 Oakland Avenue, Auburndale, College of Business Administration, Class of '17.

Democratic Governor would only have to worry about Republicans endeavoring to slash his budget. This time the GOP can't pare a penny from the budget without Democratic help.

Graduated Income Tax Not Exactly Painless

Some of the persons who favor a graduated State income tax because they believe someone else would have to pay for it are in for a rude awakening.

The proposal for a graduated State income tax originally gained support because it was pictured as a soak-the-rich tax. The fact is that it probably would hit persons in the low and middle income groups much harder than would a sales tax.

No details as to exactly what a graduated income tax would do, if one were enacted, are being spelled out at this time.

But if the bill eventually is advanced to the stage where the legislators actually do get down to hard facts, you can expect a controversy which would make the sales tax row seem tame by comparison.

One economist has figured it out that in order to raise the money it has been estimated a graduated income tax would produce it would be necessary to lower the exemption to \$1000.

That wouldn't exactly be a soak-the-rich proposition. In fact, it would mean that a great many people who now pay no State income taxes at all would be hit in their pay envelopes.

Of course, a graduated income tax will not come until some time in the future, if it ever comes. It would have to be voted on by the next Legislature in either 1961 or 1962 and then by the voters in the 1962 election.

And if the voters understand what it really means, they'll be very likely to turn thumbs down on it.

Truman Birthday Fete Had A Tinge of Irony

The recent birthday tribute to former President Harry S. Truman at dinners held in Boston, New York and other points throughout the country, was extremely impressive.

This observer, however, couldn't help but recall how little attention the very Democratic leaders, who joined in the great eulogy to the bouncy Mr. Truman, actually paid to him at their party's last national convention.

Truman, it may be recalled, headed up a stop Stevenson movement at the 1956 Democratic conclave in Chicago.

He fought with fire and fury and force to make Averell Harriman of New York the Democratic nominee for President instead of Adlai Stevenson.

But a great wave of Stevenson support rolled over Harriman and Mr. Truman along with him, and Adlai was the overwhelming choice of the assembled delegates.

As the convention ended, ex-President Truman was an almost pathetic figure.

His counsel, his pleas, his fiery arguments had gone unheeded. He hadn't been able to marshal enough support to make even a respectable showing. The Harriman forces for whom he had carried the banner were routed.

Yet, on his 75th birthday some of the very Democratic leaders who had been unswayed by him in 1956 were among the most eloquent in feting

Waban Hero Heads Crack Reservists

Col. George W. Gibson of 145 Collins Rd., Waban, decorated hero of World War II, has been appointed to one of the most distinguished positions in the Army Reserve.

Col. Gibson was named commanding officer of the 1st Infantry Battle Group in the crack 94th Infantry Reserve Division, which will become a "Pentamite" (geared for modern, atomic war) unit on May 1.

Gibson's command, the Third Battalion of the 5th Infantry Battle Group, is one of the oldest in the Army, dating back to 1800. Some of its commanders have been Andrew Jackson, Robert E. Lee and Douglas MacArthur.

In the appointment, the 94th selected an "old hand" for the oldest of Army Regiments. Gibson, a partner in Delano & Gibson Insurance Agency has been a reservist since 1920 and served with distinction in the Pacific in World War II, winning five major decorations and participating in four assault landings.

Prior to his appointment, Gibson had served for five years as Chief of Staff of the 94th.

In addition to his combat service, he is a graduate of the Infantry School and the Army's widely acclaimed Command and General Staff School.

One of nine reserve divisions selected in the nation for Pentomic revision, the 94th has been New England's largest unit since 1945 when it was deactivated from four years combat duty in the European Theater of Operations.

ON PAY INCREASES
Editor of the Newton Graphic, Sir,

We note by the Graphic that Newton's employees are to receive another increase in salaries, and this in addition to one granted a year ago.

This action emphasizes more than ever the injustice that is being done to former Newton employees who are retired on pensions of \$500.00 or under and are based on the valuation of the dollar ten or more years ago. A Petition for an Increase under Chapter 32, Section 96 of the General Laws was recently filed by three elderly pensioners and the Petition was refused by the Mayor on the ground that it would establish a precedent, and be unfair to future pensioners who are now contributing to the pension fund. If present employees, including the Mayor, need repeated increases to meet their financial obligations, what are the former employees going to do who have no increase in income for many years, and whose meager city pensions bar them from securing aid from either governmental sources?

The Pensioners mentioned above have been taxpayers for many years, and as such have to contribute their proportionate share to the increased budget, and their position as self-respecting citizens is becoming intolerable in the city to which they gave long faithful service.

Clean Stoves For Spring Fire Check

Newton residents were reminded today by Fire Chief Frederick A. Perkins Jr. that a clean house seldom burns.

And it's just as true that a clean stove or furnace seldom burns up the house.

That should be the watchword for spring clean-up time in Newton, the chief urged.

"While we are cleaning up our homes to help make them safe," Chief Perkins said, "let's be sure to include a thorough cleaning and checking of stoves and furnaces, portable heaters and chimneys."

Chief Perkins continued: "Now is an ideal time to have heating equipment serviced and repaired, before the cold snap of next fall puts it back to work."

"It could be the time to check that chimney too. A clean tight one means fuel saving as well as fire safety."

"If you have an exhaust fan and duct over your kitchen stove, how long since it has had the greasy residue cleaned from it?"

"Above all, make sure that any portable oil heaters you have are clean and in sound working condition before you put them away for the season or get them ready for summer camp use."

"A dirty, defective one is as dangerous a thing as you could bring into your home."

Okey Proposal For Oak Hill School Survey

Because of the rapid population growth in Oak Hill, a thorough survey will be made of school needs not only in Oak Hill, but also Spaulding, Memorial and Countryside. The survey also will estimate the potential of pupils for Meadowbrook Junior High and the New South High School.

The survey will be made by the Newton School Department in cooperation with City Planner Charles E. Downe, at the request of the Newton School Committee.

Three sixth grades at the Oak Hill School may have to attend classes next year at Spaulding school. The PTA has called for construction of an addition to the Oak Hill School as soon as possible.

Beethoven PTA Annual Meeting Tues.

The annual meeting of the Beethoven School PTA will be held on Tuesday, May 19, at 7:45 p.m. The school orchestra, under the direction of George Napoli, will present a concert. There will also be an "Open House" to give parents an opportunity to visit classrooms and consult with teachers.

Richard Jarrel, PTA president, will conduct the business meeting, during which officers for the forthcoming year will be elected, and reports heard on activities during the past year.

Mrs. Irving Geltman, chairman of the nominating committee will present the following nominations: president, Alvin Caplan; vice presidents, Dr. and Mrs. Samuel Beaser, Mr. and Mrs. Paul Nation, Mrs. David Heard; corresponding secretary, Mrs. Morton Gondelman; recording secretary, Mrs. Martin Phillips; treasurer, Mr. and Mrs. Percy Nelson.

Serving on the nominating committee with Mrs. Geltman were Sidney Stogel, Dr. Thomas Brower, Mrs. David Heard, Miss Henrietta Brebbia and Frank Zervas, ex-officio.

What is Multiple Sclerosis? This is the question continually asked by the layman, besieged on every side by bids for his dollars—bids for muscular dystrophy, and a dozen other hitherto unknown ailments.

Multiple Sclerosis is a progressive, crippling neurological disease, its cause and cure unknown. It is a mystery rippler that insidiously invades the central nervous system of its victims at the peak of their lives.

Dollars for M. S. also go into patient services—canes, wheelchairs, bedlifts, eyeglasses, a myriad other devices needed to aid the helpless, and into direct medical, nursing, social service and therapeutic care.

These clinics will be open for business from 3 to 5 p.m. A charge of \$1 per dog will be made.

The last time such clinics were held in Newton was in 1941. However, local health department officials feel that in view of the fact that the number of dog bites can reach a figure of 350 a year as is the case here, the clinics are a needed precaution.

Bank Activities Charity Trust Began In 1932

Activation of a charitable fund to be known as the Perpetual Benevolent Fund was announced today by George L. White, president of the Newton-Waltham Bank and Trust Company.

Application for benefits from the fund are to be made through various Red Feather Agencies of Newton, which in turn will submit them to the seven-member committee which will administer the fund.

The members now serving on the committee are Chairman White, Eric N. Dennard, Mrs. Elmore I. MacPhie, John B. G. Paen, Edmund J. Poutas, Norman S. Rabb and William F. Wingard, Mrs. Evelyn G. Pettiner is the secretary.

White reported that the fund had arisen under a trust created by the Newton Trust Co. in 1932. Its purpose was to receive grants, bequests, gifts or legacies from interested individuals for the relief and charitable purposes of those most worthy of such assistance.

The amount in the fund until recently had not been sufficient to begin operation, but at present the income available and anticipated is of such size that comparatively substantial benefits can be granted.

President White commented that a fund such as this could be of great benefit to residents of Newton. He expressed the hope additional contributions would be given from time to time so the fund could enlarge its benefits and activities.

A&P Outdoor Fashion Show In Wellesley Next Thursday

An outdoor fashion show featuring fashions by several apparel shops will be conducted at the new A&P super market on Route 9 in Wellesley Hills at 2 p.m. on Thursday afternoon of next week.

Mildred L. Albert will be the coordinator and commentator of the program being presented as a special A&P centennial feature. New England's famous Hart Goss will model. The latest in male, teenage and ladies' attire will be displayed.

A large area in front of the Colonial style super-market will be set aside for staging and seating facilities. Admission will be free and music will be by the Hammond Organ Studios of Newton.

In the event of rain on Thursday, the fashion show will be held on Friday afternoon, May 22.

Of special interest will be the "new look" in bathing suits featuring the return of the maillot, the modified, Americanized Bikini, and in contrast, the covered-up suit which is apt to have a high neckline in front and an extremely bare back.

The perennial favorite, the shirt-waist dress, will be shown in all its phases — morning afternoon and evening — as all as the dress called the "sun-rise to sun-downer."

For Country Club dancing, a bevy of colorful cottons in all the varying silhouettes will be shown. The super-market is at 175 Worcester St., Wellesley Hills.

sisted by Mrs. William Martineau and Mrs. W. E. Miller.

Spring blossoms added a touch of gaiety to the club house and the long "U" shaped table was decorated with goblets filled with spring flowers, which later were given as door prizes.

The floral arrangement on the sherry table went as a door prize to Mrs. Harry Moore of West Newton.

TELEVIEWING THE NEWS

By LEE LOUMOS

We hear and read a lot about the big names in TV and motion pictures but the technicians and others who work behind the scenes and make the shows possible get almost no publicity at all. So this column will be devoted to a lanky, amiable chap named Cleo Callahan, who works as set decorator on ABC-TV's "Naked City" series. One morning he found the following message on his desk from the show's producer: "Need 25 gray rats tomorrow night for a scene in a deserted building. Can you get them? Callahan soon discovered that the market on gray rats was nil. But laboratory supply firms did have white rats — all he could use. So the TV craftsman hired a professional painter and had him put his brush to the rodents. "Five years I studied in Italy," grumbled the painter, "and I wind up painting rats." The 20 rats were dispatched to the deserted building and after the scene was filmed, Callahan was assigned to round them up. "It was awful," he confessed. "I found 20 rats. One of them must have been a resident."

The job of set decorator must be a chaotic one. For one show Callahan had to take all of the storekeepers on a New York City block into putting Xmas decorations into their windows in August. Evidently, a set decorator has to be a combination of magician and superman. Our TV service department is a combination of expert technicians, modern testing equipment and a sincere desire to be of service. When you add reasonable service fees to that, it's a tough combination to beat. Try us next time. But, in particular, call us NOW for Federal room-air-conditioners — sales and service. United Fund To Stress Future Payroll Deductions

Increased emphasis on payroll deductions must be stressed to insure the continuing success of United Fund campaigns, Augustin H. Parker, Jr., told the annual meeting of the Newton Community Chest and Newton Community Council.

More than 100 persons heard Parker discuss the background, present and future, of the United Fund of Greater Boston at a meeting held recently at the Newton Y.M.C.A.

The key to the future, Parker maintained, is payroll deductions from employees and executives.

The first United Fund campaign raised approximately \$1 million more than its member organizations raised separately the previous year he continued.

The three major member agencies of the United Fund are United Community Services (Red Feather), Red Cross and Salvation Army.

The second campaign last fall raised less than the first year, but is considered to be only a temporary set-back according to Parker.

Even with this temporary set-back the effects of inflation during the last 10 years have been offset almost completely by increased allocations to agencies by Red Feather and now United Fund, he said.

The Medical Foundation of Metropolitan Boston, one of the United Fund members, was commended for its sound approach to the problem of medical research. The Foundation is supporting basic research, he continued, and is working to avoid "hardening of the categories in medical research."

Robert F. Cahill, Assistant Campaign Director of the United Fund and former Executive Director of the Newton Community Chest, spoke of the plans for the third United Fund campaign this fall. He also stressed the importance of payroll deduction.

Harry L. Walen, elected for a second term of office as President of the Community Chest and Community Council, presided at the dinner meeting. The purpose of the United Fund presentation, he said, was due to the fact that the good health of all the United Fund and Red Feather agencies was the concern of all Newton organizations and individuals.

Mayor Howard Whitmore, Jr., extended greetings from the City and Rev. John A. Samuelson offered the invocation. Elected as officers for the coming year were: Dr. Neil W. Swinton and Mrs. Philip A. Segal as Vice Presidents; George L. White, as Treasurer, and Norman H. V. Vincent as Assistant Treasurer. Elected as Clerk for the Chest was Joseph W. Chevarley and

Clerk for the Council was Mrs. E. Tyler Parkhurst.

Members of the Community Chest Board of Directors elected were as follows: at large—Anthony Jauregui, Miss Sophie Nelson, Edward A. Green, G. R. Breitzke, Mrs. Thomas S. Derr, Giles E. Mosher Jr., Francis C. Chase, and Walter A. Hood.

a year ago he couldn't give them away

Business was at a low ebb for this owner of a medium-size manufacturing plant. He needed more salesmen to drum up new orders; but his profit margin couldn't absorb any addition to the staff. More and better raw materials would have helped, but where was he to find the capital to buy them? The answer was practically right in his own backyard. A friendly Small Business Loan Officer at the nearby office of Newton-Waltham Bank showed him how a moderate loan, repayable in 24 monthly installments, could get him rolling again. Today, a continuous flow of new orders and finished products keeps his plant humming - and him, too. With a few changes, this might be your story. Come in and talk it over at your neighborhood Newton-Waltham office today.

Court Fight-

(Continued from Page 1) to the school budget, an 11-11 deadlock developed.

It was reported that the two absent Aldermen also were divided on the matter and that the result would have been exactly the same if they had been in attendance.

Whether the Aldermen who recorded themselves against the school cut will vote for a court fight to uphold an action which they publicly opposed, poses an intriguing question.

Those who voted to restore the \$1100 will be in a rather paradoxical situation if they now vote to have the city solicitor contest a court petition also aimed at putting the \$1100 back in the school budget.

Some of the Aldermen declared publicly during last week's debate on the issue that they did not want to precipitate a court fight over a matter of \$1100.

Chamber Of Commerce To Launch Membership Drive

MAYOR EXAMINES BROCHURE — Executive Director Horan, left, and John Sullivan, publicity chairman, center, present copy of "Newton Brochure" for examination by Mayor Howard Whitmore, Jr. More than 6000 copies of the brochure have been distributed throughout the city.

MAYOR WHITMORE

Business Barometer To Members

Each month the chamber compiles and forwards to its members a monthly Bulletin which includes a summary of business trends and other vital statistics relating to Newton, the Boston area and Massachusetts. Total production workers, their average weekly working hours, average hourly earnings are listed on a comparison basis with the same month of the previous year. A breakdown of building permits issued and their estimated costs are also shown.

Based on the comparative Index 1947-48, the purchasing power of the dollar in Massachusetts and the cost of living percentage for food, clothing, shelter, fuel and light, etc., are reported to keep the members up-to-date. Those engaged in the manufacture, distribution and sale of goods or services are directly concerned with the trends as revealed in the figures released each month. They form the basis for anticipating and planning the future course for each business.

Achievements Prove Chamber Worth

The Newton Chamber of Commerce established a new program of work in March of 1958. This program has been carried out under the direction, and with the assistance of, the Board of Directors of the Newton Chamber and its membership working in the twenty-one active Chamber Committees.

The highly successful results of the Chamber's program during 1958 and early 1959 were made possible only through the moral and financial support of over four hundred Newton business men and women. The achievements, which are listed below, are but a few of the many accomplishments of the Newton Chamber of Commerce during this period.

● Originated and carried out a 1958 program of work for the benefit of Newton and Newton business.

● Inaugurated a new, fair and equitable dues structure in order to allow the organization to expand its activities and become a truly effective business organization.

● Set up, organized and carried out a 1958 Membership Campaign which resulted in the enlistment of 125 new Chamber Members.

● Sponsored two Dale Carnegie Courses in human relations and public speaking for the benefit of Newton employees and employers.

● Prepared and published a twelve-page Newton Brochure depicting the many attributes of our city.

● Sponsored, with the assistance of the IBM Educational Division, a typing course for the benefit of typists and secretaries employed by Chamber firms.

● Organized, sponsored and carried out two retail sales promotions in Newton Corner, two retail sales promotions in Newtonville, and one retail sales promotion in West Newton.

● Assisted auto dealers in the Newton Corner area to hold an auto show in conjunction with the Newton Corner Sales Days Promotion.

● Supplied city government with a complete 17 page, printed report on the possible use which can be made of the Mason-Rice School properties in Newton Centre.

● Represented the Newton business viewpoint on many legislative matters in the City, State and Federal Governments.

● Was the co-sponsor of a Bill on the Massachusetts General Court for a business climate resolution.

● Was a prime factor in obtaining new street lights for the streets located in the Newton Corner business area.

● Associated new business firms to locate in Newton by supplying real estate data, financial connections and all types of statistics.

● Worked with industrial firms considering Newton as a site for a new plant, keeping all information confidential.

● Sponsored, with the help of Newton High School, a "Back-to-School Day" program for businessmen.

● Co-sponsored, with the Newton Fire Department, a 1958 Fire Prevention Week by distributing thousands of pamphlets and appearing at all the Junior Highs in the community.

● Published and distributed a Newton Business Barometer to all members consisting of monthly data on employment, building permits, and cost of living index.

● Organized a city-wide Christmas Lighting Committee which facilitated the 1958 Christmas displays in all the business areas.

● Worked with the city Recreation Department in raising the funds for the city's Halloween parties.

● Maintained a City Directory library covering most New England cities.

● Explained the Newton Chamber and its activities by appearing at the service clubs of Newton.

● Prepared and published a new type of printed monthly bulletin fully explaining the activities of the Chamber monthly.

● Assisted the Newton TB and Health Associations in their Christmas Seal store window display contest.

● Sponsored the Newton Chamber's Personnel Managers' Club for the benefit of all member firms who employ Personnel Managers.

● Represented the Newton Business viewpoints on all matters concerned with the extension of the Massachusetts Toll Road through Newton.

● Acted, through the Area Advisory Council of Chambers of Commerce, on the problems affecting Metropolitan Boston.

● Set up a new and effective Solicitation Control Program to assist all members in controlling solicitations.

● Acted as the information office for Newton by answering thousands of letters and requests.

● Established a By-Laws Study Committee which is presently studying the possible revisions to the existing set of 1929 Chamber By-Laws.

● Planned, co-ordinated and established the "First Annual Achievement Dinner Meeting" of the Chamber of Commerce which was held on January 20, 1959, with 500 Chamber members and friends in attendance.

● Plus many, many other endeavors and achievements which are too lengthy to note in this article.

These Chamber achievements were made possible only through the active moral and financial support of the existing four hundred members in the Newton Chamber of Commerce.

To become more effective and accomplish more for the benefit of Newton business, the Chamber requires a minimum of one hundred new members during its 1959 membership campaign.

Chamber membership does not cost — it pays!

"Million Dollar" Sales Force To Start On May 19

The Newton Chamber of Commerce has established Tuesday, May 19, as "City-wide Membership Drive Day" in Newton.

Fifty top Newton businessmen will devote this day to increasing the Chamber's Membership by 100 new members. Included in this "Million Dollar" sales force are presidents of local banks, presidents and owners of large manufacturing firms and managers of retail and service firms plus many doctors and lawyers.

At 8 a. m. on the morning of May 19, an "Early Bird Breakfast" will be held at the Brae Burn Country Club for all campaign workers at which time sales kits will be distributed, instructions given, and a "pop talk" by William J. Bird, executive vice-president of the Boston Chamber of Commerce.

At approximately 9:15 the fifty workers will depart from Brae Burn to make personal calls on their 300, "prime" prospects. All workers are slated to return to the club at 5:30 p.m. for a report session and social hour.

As stated by membership committee chairman Philip Bram, "Every businessman located in Newton should have a selfish interest in improving and protecting his stake in the community. There is only one organization which is available to these Newton businessmen through which they can channel their efforts to improve and protect their business stake."

Co-Chairman Mosher recently stated, "The purpose of this all important 1959 Membership Drive is to expand the Chamber Membership to the point where it will be representative of the total thinking of all Newton businessmen. The addition of one-hundred new members will also provide man-power and funds whereby an even more effective and active Chamber program can be established."

To assist the retail element of our Chamber of Commerce, we have been active in establishing retail promotions in many areas of our community. The Chamber presently has established three retail divisions in Newton Corner, Newtonville and West Newton. The latter is a result of recent efforts by our Executive Director in organizing the West Newton businessmen to form committees and thereby establish a Sales Days Promotion. The West Newton group held a "Mother's Day Promotion" on May 7, 8, 9, and the Newtonville Retail Division held an "April Shower of Values" promotion on April 16, 17 and 18th. Both of these promotions proved extremely successful and beneficial to the participating retailers. During the past few weeks we have been actively engaged in laying the ground work and planning for this most important, 1959 membership campaign.

I sincerely hope that the efforts of our Membership Committee will be successful in stimulating the thinking of the non-chamber-member businessmen in our community to actively and financially support the Newton Chamber of Commerce. With the addition of their support, the Chamber can continue to grow and expand its activities and effectiveness for the benefit of the Newton businessmen.

TYPING COURSE — Members of the Chamber's typing refresher course are shown at one of the three sessions. Course was conducted by Miss Thelma Headburg of the IBM Educational Department.

YULE LIGHTING — The Lighting Committee of the Newtonville Christmas lighting display last year are shown at "throwing the switch" ceremonies. Left to right, Max Paddock, Bernard Dockton, Al Eastman, Charles Fitzgerald, chairman, and Executive Director Horan.

SINCLAIR WEEKS SPEAKS — Hon. Sinclair Weeks, main speaker at the Chamber's "First Annual Achievement Meeting," is shown as he addressed the 500 members and friends in attendance.

President White Reports

The Newton Chamber of Commerce is presently an effective tool which is being utilized by many local businessmen and civic minded citizens to create a better climate for business to operate in Newton.

Our Chamber today is a result of the efforts of many, many members working through committees, our Board of Directors who have given of their time and energy in establishing policy and helping to carry out these policies, my fellow officers and members of the Executive Committee, upon whom I have relied so heavily, and last but certainly not least the previous Presidents of the Chamber who are responsible for the establishment of an effective Chamber of Commerce in our community.

My term in office got under way at the Chamber's "First Annual Achievement Meeting" which was held on January 20th, at the Commonwealth Country Club with 500 Chamber members and friends in attendance to learn of the 1958 Chamber achievements and to hear the remarks of the Honorable Sinclair Weeks. During these first four months of my term in office the Chamber has studied, worked on and accomplished many programs for the benefit of Newton business. The following are but a few of these projects.

We established policy concerning the Federal Excise Tax of 10% which is added to the telephone users monthly bills. We represented our opposition to this tax in the form of letters to our three federal legislators. We appointed 18 Chamber members as committee chairmen of the Chamber's "Action Department." Among these committees were two new legislative study committees in the form of a Congressional Action

Committee and a State Legislative Committee. Through the efforts of Past President Dwight Colburn, the Chamber's endorsement of proposed legislation to establish a regional planning council, which

RICHARD J. WHITE

will benefit the planning problems of Greater Boston, was represented at State Legislative Committee hearings at the State House.

A Chamber "first" was inaugurated on Feb. 9th with the first of four "Top Management Workshop Seminar" sessions, which was held for the benefit of our members, industrialists and commercial banks. This workshop proved to be extremely successful and beneficial to the firms participating. Our Chamber's co-sponsorship and endorsement of a "Business Climate Resolution" was recorded at State House hearings.

A special committee was established, made a complete study of the proposed Newton Radio Station and established Chamber policy in the form of a letter to the Federal Communications Commission relative to our endorsement.

MANAGEMENT WORKSHOP — Members of the unique Management Workshop Seminar are shown discussing some of the problems covered by Chet Krentzman, instructor, for the benefit of Chamber industrialist and commercial bankers.

SHOPPING CAMPAIGN — Chamber Executive Director Horan, left, discusses plans for Newtonville's "April Shower of Values" promotion with Bernard Dockton, promotion chairman, and Nate Lomas, retail division chairman.

DEPENDABLE News Views OF OUR BUSINESS LEADERS

Flodin Sewing Machine Co. Gives Appliance Services

Home appliances today are better than ever and used constantly and for this reason they need expert attention in order to keep them at peak efficiency and giving the fine service they were designed to give.

Flodin Sewing Machine Company at 257 Walnut Street fills this acute need for expert service and sales on every type of sewing machines, vacuum cleaners and electric appliances, and most conveniently and quickly, too.

If you can't drop in there, a phone call to BI 4-3204 will bring you further information, and arrange for any service you may need.

Almost 30 years of service in the Greater Newton area has won Flodin Sewing Machine Company a long list of devoted clients and any newcomer who tries this fine service is sure to become a regular customer.

Vacuum cleaners are one example of the strain modern homemakers put on any appliance.

Where originally they were used only for occasional once-over-lightly jobs on the carpets, today their uses have been expanded and even the upright types can be used for sweeping wood and other floors, and with the attachments can almost do a complete housecleaning without any other devices.

This all is a wonderful aid to the hurried homemaker, who must compress her time, and work far more efficiently than her predecessors who did not have so many demands on their time.

But this all puts a great strain on the vacuum cleaner, (and other home devices in similar fashion) that means the owner should have the device checked over, cleaned and made like new at much more frequent intervals.

The cost for such vital service is surprisingly reasonable at Flodin's and will pay for itself in longer wear and better service.

For those who would like to replace older devices with the latest and best, Flodin's has on sale all the finest brands and will service them as well. The convenience and high quality service of all this will make you glad you called there.

Don Budge at Brae Burn CC

The great tennis star, Don Budge, will be the central attraction at the Brae Burn Country Club Sunday afternoon, May 24, starting at 2:30 o'clock.

There will be two exhibition matches, starting with a singles match between Budge and Don Manchester.

A doubles match will follow between Budge and Chauncey Steel vs. Don Manchester and Al Everts. The last three are members of Brae Burn and top-ranking New England players.

Budge is the all-time tennis great. He is the only grand slam winner in history — the United States, Wimbledon, French and Australian men's singles Championships in the same year — and also a three-times winner of the United States pro singles championship. At present he is the leading tennis coach in the country.

The exhibition will be followed by a Dutch Treat Cocktail Party and Buffet.

Edward Green, Tennis Chairman, is in charge of arrangements assisted by Wilbur Bullen, Edwin Kingsley, Mrs. Archibald Price and Mrs. Benjamin Shattuck, Committee.

Newton Ties Cambridge For BB Lead

Paced by the three hit pitching of Southpaw Buddy Ryan, Newton High's baseball team edged Cambridge Latin 4 to 3 Friday in a Suburban League game at Newton High Field.

By this victory, the Tigers climbed into a tie with Cambridge for first place in the league standings.

Ryan fanned 19 batters, eleven of which came over the last four innings. This gave the 6 foot 1 left-hander a record of 80 strikeouts in 48 innings.

But while Ryan's pitching kept Cambridge in check, it was the 2-run triple by Second Baseman Dave Connors with one out in the last of the ninth which gave Newton the victory.

Cambridge got their three runs in the fifth inning, set up by a pair of walks. Newton scored two unearned runs in the fourth.

All-Newton Music School Musicales

Three string ensembles and six instrumental soloists will headline the annual concert of students of the All-Newton Music School to be held at the Beethoven School in Waban next Wednesday, May 20, at 8 p.m.

The junior and intermediate ensembles will play "Petite Suite" by Saint-George; the intermediate and senior ensemble will play "Pavane" by Byrd; and the senior ensemble will play three folk dances by Boughton. These groups are directed by Miss Irene Forte and Mrs. Mary Scipione.

Lydia de Amicis and Elizabeth Seidenberg will perform two violin concertos by Vivaldi for solo violins and string orchestra. Mary Ellen deStephano will play "Rhapsody for Piano" by Dohnanyi.

Other soloists will be Stephen Custer, who will play "Concerto for Cello" by Popper; Barbara Yeo, who will play "Cantabile et Presto" by Enesco, and Pauline Bilezikian, who will play "Allegro from the Concerto in E flat major" for piano and orchestra by Mozart.

Members of the Parents Association under the direction of Mrs. David Bergmark, will serve refreshments at a reception to the teachers after the concert.

Miss Geraldine Millender, daughter of Mr. and Mrs. Joseph Millender of 119 Allerton road, Newton Highlands, has been installed into the Student Government Council at Lesley College. A sophomore, she will serve as Freshman Leader for 1959-60.

Highlights From Newton High School

Overhead Visual Aids In Use; Intramural Sports Are Active

By JUDY ARNOLD

HIGHLIGHTS . . . Twenty-five high schools participated in the 13th annual Math Tournament held at Newton Junior College. Representing Newton High were Mary Auryan, Gerald Rogell and Louis Shapiro. Several Newton students also competed at the annual University of Massachusetts Math Contest held at Boston Latin School.

Hal Conen was awarded the statewide award in the Elks Leadership Contest.

Art and journalism pupils attended the Technifax Communications Seminar at Holyoke recently.

In an attempt to use visual aids in math courses, three Newton High teachers are using overhead projectors with regular-sized classes. The students see their homework problems on sheets of clear

plastic over the screen instead of on a blackboard. The screen is advantageous to teachers as it eliminates several problems. Most blackboards cannot be adequately seen by about one-half of the class. A good deal of blackboard space is so low that it is also unusable.

Teachers do not have to waste time redoing one problem with the projector. The roll of plastic can simply be moved back until the desired problem is reached. Erasing is done by a cloth; the roll can just be advanced and erasing is then unnecessary. Moreover, the black pencil provides a sharp visual contrast on the white plastic.

Beginning French students are being helped by 17 ten-inch, long-playing records that

Mr. Ethier, head of the language department, has cut for their benefit. The records contain one week's lesson on each side. Every student is given one record every two weeks to take home for study in pronunciation. An accompanying notebook contains the recorded material in both French and English. The records were made by Mr. Ethier from the regular French textbook. There is a pause at the end of each sentence so that the students may repeat the material. The experiment is being sponsored by the Ford Foundation and the Harvard University Fund for the Advancement of Education to help pupils receive more practice in pronunciation, as all of their homework was entirely written before.

THE OUTDOOR TYPE . . . Boys' intramurals offer bowling, basketball, baseball, wrestling, badminton, indoor track, and a foul shooting contest. Arlene Gootman, Peter McKinny, Russ Blocker, and Bill Albert are the bowling league champions. Bob Wilk, Jack Swanton, Lee Berk, and Steve O'Brien were second. The city basketball championship was won by the "Cossacks." Larry Powers, James MacClausland, Len Rochette, Jay Mullin, Dick Scott, Richard Marks, Dick Perkins and Buddy Ryan. Paul Guzzi, Bill Wallace, Bill Sealers, Charles Audoin, Joe O'Donnell, Sonney Thompson and Ed Tanner brought the "Daymites" into second place.

AFTER-CLASS . . . In an oral French Contest sponsored by the French Club Kay Sternfeld won first prize for the Curriculum One students. Elizabeth Seidenberg received the award of first place in the Kenyon group and Yvonne Bauduin in Curriculum II.

THE MARQUEE . . . The Arts Festival publicity was taken care of by Patricia Coyne, Joel Feldstein, Burt Goralnick, Judith Krosschell, Linda Louie, Jane Schneider, Leslie Weinstein, Roberta Welch and Carolyn Gagin, the chairman of the committee. Steve Richmond was the stage manager and Marjorie Hilton, his assistant.

The members of the stage crew were Joe Angelone, John Arduino, Ann Baker, Pamela Bergmark, Daniel Cash, Walter Chase, Neil Cronin, Robert Daniels, Sally Day, Alvin Deering, William Goddis, Charles Gove, Charlotte Hayward, Susanna White, Alec Mitchell, Ellen Mitchell, Jerry Moore, Robert Morse, Howard Rower, Robert Rosenthal and Alan Wilson.

West Newton Mothers' Day Sales Success

A woman customer walked into a West Newton jewelry shop during last week's big Mothers' Day sales and calmly picked out a silver cup for an infant.

She explained the infant had not arrived yet—but the bargains were so tempting, she felt she just had to buy at once.

The story was related today by Frank Dowett, chairman of the Sales Promotion Committee, to point up the outstanding success of last week's sales efforts.

"There were many new faces seen in our shops during the very successful promotion," Dowett said.

"They appeared satisfied and delighted at the exceptional offers. The merchants are confident that we made many new customers and new friends among the shoppers."

Other active in promotion were Bill Paul, Francis Chase and Ralph Malmgren. They reiterated the comments by Dowett, and all agreed that their enthusiasm was high for another big sales event this Fall.

The West Newton merchants had the cooperation of Justin Horan, executive secretary of the Newton Chamber of Commerce, who bulwarked the full resources of the parent organization behind the drive.

All the merchants cooperated and placed four full pages of advertisements in the Newton Graphic as an aid for the shoppers.

SCOUT OFFICIAL. Miss Elizabeth Richardson, executive director of the Newton Girl Scout Council, will direct the 1959 season at Camp Wabasco at Bradford, N. H. Improvements in the camp's property include a new beach, installation of an H dock, and new boats and fireplaces.

Miss Helen Sellgsberger of 35 Norwood Ave., Newton, has achieved Dean's List honors at Boston University's School of Public Relations and Communications for the first semester. She is a senior and a graduate of Newton High School.

Talented Carol Oppen Wins 1959 Marion Cutts Scholarship Award

Miss Carol Oppen, daughter of Mr. and Mrs. Saul Oppen of 28 Chesterfield Rd., West Newton, was introduced to members of the Mason-Rice School PTA as the 1959 winner of the Marion Cutts Scholarship award at the annual meeting Tuesday night.

The announcement was made of the scholarship winner, presented annually to an outstanding Newton High School senior who plans to enter the teaching profession, at the last PTA meeting scheduled for the old Mason School auditorium. Students and teachers expect to be established in the new Mason-Rice School on Newton Centre playground the week before school closes in June. Ernest F. Dietz presided at the meeting.

A short musical program was presented by the Mason School orchestra and classroom visits followed.

A member of the National Honor Society, Carol Oppen has done illustrations for the school newspaper and is currently working on the new literary magazine, "Reflections." She designed the symbol of the recent Newton High School art festival and served as a panel member at a festival symposium.

As an actress, Miss Oppen played the title role in the senior play, "Anastasia," and a title role in the drama festival play, "The Mad Woman of Chaillot." She is president of the drama club.

Elected as officers of the Mason-Rice PTA for 1959-60 were Ernest F. Dietz, president; William Bruce, vice-president; Miss Natalie Mayo, teacher vice president; Mrs. Jack Seligman, recording secretary; Mrs. Elmo Young, corresponding secretary; Dr. and Mrs. Henry Epstein, treasurer; Edwin Thomas, teacher ass't treasurer.

Continuing for a second term are Mr. and Mrs. Howard Shuman, program; Mr. and Mrs. David Morse, membership; Mrs. Martin Arslanian, Mrs. Howard Libby, Mrs. Roger Feldman, ways and means; Mrs. Charles duMoulin, Mrs. Stanley Warsaw, hospitality.

New chairmen are Jason Sacks, civics; Mrs. Francis Yates, library; Mrs. Herbert Orent, publicity; Mrs. David Stowe, scholarship; Mrs. Ruth Cohen, lower grade teacher; Rev. and Mrs. Frank Welskel,

Regular Dinner For 12c

Eighty-three years before the Newton Centre Market was organized Lorenzo Delmonico an almost penniless Swiss emigrant, opened the New York restaurant which was to become famous throughout the world. He was America's first restaurateur to furnish his customers with a printed bill-of-fare, offering a regular dinner for 12c—coffee or tea 1c—pork chops 4c—roast chicken 10c. If Delmonico's original prices appear ridiculous today, remember that this was in 1834, when six dollars a week was a good wage and a man could keep a country and town house, staffed with seven servants (and save money besides) on \$3,000 a year. Here the celebrated people of the world gathered in increasing numbers to pay tribute to the culinary genius of Lorenzo Delmonico. For it was not the penny cup of coffee and the 12-cent course dinner which made Delmonico's famous. It was because Delmonico passionately believed in GOOD FOOD, PREPARED WITH CARE, CLEANLINESS—AND IMAGINATION. America has changed. The era of low wages and low prices belongs to the dim and distant past. But one thing will never change—the public, now as always is eager to reward the food merchant who keeps the creed of Lorenzo Delmonico. TO THIS THE STAFF OF THE NEWTON CENTRE MARKET IS DEDICATED: QUALITY, CLEANLINESS AND SERVICE

"To make the best, begin with the best — then cook with extra care"

HOSPITAL AUXILIARY MEETS—Key figures of the meeting of Young Women's Auxiliary of Jewish Memorial Hospital are shown inspecting a Hubbard Tank during a guided tour of the hospital. Left to right, Mrs. Sylvan Rosoff, Mrs. Maxwell Smith, past presidents, both of Newton; Dr. Henry Baker, chief of staff at the hospital, and guest speaker, Mrs. Abraham Klayman, of Newton, president of the auxiliary, and Miss Lee Hecht, of Dorchester, past president.

Lookin' and Listenin'

Big Program Shakeup Coming
Considered by those who know, the biggest program shakeup in network TV history is now taking place in preparation for the '59-'60 season. A third of next season's shows will be new. Six of them will be westerns. ABC-TV is expected to become a real threat to the other major

webs NBC and CBS now that the youngest network has lined up more stations and a larger audience for a more even match with its opponents. Better quality of shows will show up in writing, casting and production because of stronger competition. There's a marked trend back to the hour-long show with many of the current half-hour programs expanding to 60 minutes. Thirty network shows will be an hour long or more and half of these will be new. The biggest gains by

program type indicate situation-comedies are on the increase. All told there will be 23 westerns, 20 situation-comedies and eleven series on the docket not to mention several other types of lesser degree. **Notes of Interest**
QUEEN FOR A DAY just for a day (May 15th) will make way for **ARMED FORCES KING FOR A DAY**. . . . WNBC, West Hartford has a unique show it's presenting called **BUILDING AMERICA**. Seen on Sundays, the program is aimed at people interested in building or buying a home. . . . According to TV Guide there is a radio station in Los Angeles that has banned the playing of TV theme-song records. . . . **THE OUTDOOR SHOW** with **JOE NOVICK** has returned to television in northern New England on WMTW-TV, Channel 8. . . . Volume II of **JAZZ IN THE CLASSROOM** is a real swinging LP and the boys at Boston's Berklee School of Music who are responsible for it have something to be proud of. All tracks on this record were composed and arranged by students at the school under the instruction of **HERB GALLIGAN**, WBZ-TV Film Producer, recently took top honors in the Press Photographers' Association's Annual Awards for his dramatic films of the rescue operations at the Spring Hill Nova Scotia mine disaster last fall. . . . **VOICE OF FIRESTONE** fans who are disappointed over the shows expected demise can take heart in the fact that a powerful U. S. Senator hopes to use his influence to keep the show on the air next season. . . . NBC-TV will carry the final action of golf's leading classic **THE NATIONAL OPEN** on Saturday, June 13th. . . . **WEEI**, Boston now carries the popular all-night **MUSIC 'TIL DAWN** show seven days a week. . . . Even though TV westerns continue to out-rate most all musical shows, a host of recording stars will get another chance on both radio and television this coming summer and fall. . . . **TONY BENNETT** and **TERESA BREWER** will fill in for vacationing **PERRY COMO**

Gang Smashed After Newton Gun Battle

That "old gang of mine" formed in Newton by 19-year-old Donald Dawson, holdup and robbery suspect, is behind bars awaiting Grand Jury action in June on a dozen charges, including attempted murder.

The long-haired, six-footer from Cambridge is specifically charged with attempted murder of Newton Patrolman Raymond J. Vauchon, 27, last Thursday.

Vauchon was one of four heroic Newton officers who braved a fusillade of shots fired by Dawson when he was cornered in a hallway of a duplex apartment at 209 Washington St., shortly after 6 p.m. The officers returned the fire as they closed in on the

heavily-armed teenager, but unfortunately no one was struck.

Taken into Newton District Court under heavy guard, Dawson was held by Judge Donald W. Mayberry in total bail of \$35,000.

Dawson pleaded innocent to a charge of assault and battery with intent to kill Officer Vauchon, but Judge Mayberry ruled "probable cause." The court also found "probable cause" against Dawson on two burglary charges.

Arraigned with the Cambridge youth was Kenneth L. MacLellan, 17, of 351 Washington St., Newton. He pleaded guilty to three burglary complaints and was held in \$9,000 bail for the Grand Jury.

Two other pals, John W. Lynch, 18, of 99 Pearl St., Newton Corner, and Robert T. Doherty, 20, of 18 Fayette St., Newton, were arraigned in Brighton District Court.

A fifth buddy, Joseph P. Baldarsaro, 26, of 209 Washington St., where the shooting took place, was booked on a charge of being an accessory after the fact to the armed robbery Wednesday night of a Brighton pharmacy. He was turned over to Boston police.

The gun duel between Dawson and the four Newton officers climaxed a day-long search for the Cambridge youth, who was wanted in

Hyde School Principal Will Retire

Clarence Churchill, principal of the Hyde School in Newton Highlands, has announced his intention of retiring at the end of this school year.

He has been in public education for 38 years. He started his teaching career in Vermont after attending Normal School. After teaching a few years, he entered Bates College where he received a B.S. degree and later his EdM., from Boston University.

A reception in his honor has been planned for Friday evening, June 5, at 8 o'clock at the Newton Highlands Congregational Church. Former pupils, parents of pupils and friends will gather to pay their respects to the retiring educator.

5 Contend Gas Mains Hazardous

Objection to installation of an illuminating gas line in Hatfield road, West Newton, was raised by five residents at a Monday night hearing before the Newton Board of Aldermen.

Spokesman for the opponents to the petition of the Boston Gas Company contended there was no need for gas installation in the area, and that hazardous conditions would result from the gas pipes.

The Newton Board of Aldermen has authorized a \$500,000 bond issue and allocated use of funds obtained for sale of the city's water land in Needham to reduce the debt load.

The Board at its meeting Monday night voted the half million dollar bond issue and approved use of \$100,000 from the land sale for street construction.

Survey School Problem On South Side of City

Over-Crowded Conditions At Oak Hill School Will Force Transfer of Pupils

A study to determine the number of children who will be attending school in the entire south side of Newton during the years immediately ahead, has been started by the school department.

The survey was ordered by the School Committee as a result of the rapid rise in population in that section of the city and the resulting crowded conditions which are developing in certain schools.

In an attempt to meet the problem the School Committee has been juggling district lines and working out temporary makeshift arrangements.

Starting next September, for example, the sixth grade pupils, who normally would be attending the Oak Hill School, will be transported by bus to and from classes in the Spaulding School.

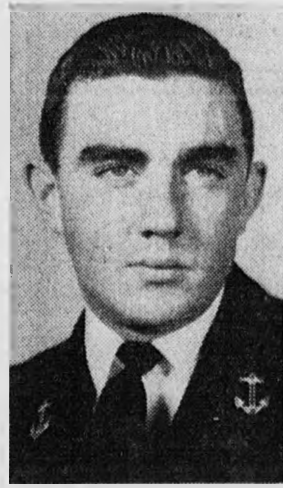

Originally, the School Board had planned to shift those youngsters to the nearby Meadowbrook Junior High School. It was discovered, however, that the Meadowbrook

enrollment will increase by more than 100 next fall and that facilities will not be available there to handle the overflow from the Oak Hill School.

That prompted the order for the survey so that the School Committee members may obtain as accurate a picture as possible of the pupil needs they will be called upon to meet during the next few years.

Located in the south side of the city are the Oak Hill, Countryside, Memorial and Spaulding elementary schools

Budget Battle To Provide Big Test for Gov. Furcolo

Governor Furcolo's influence with the State Legislature will be subjected to a searching test in the approaching showdown over his budget for the fiscal year starting July 1.

If the Governor's budget is slashed by any staggering amount such as \$25 or \$30 million, it will be a serious setback for him and will force him to curtail or abandon some of the program he has planned.

Ordinarily, there would be no likelihood that a Democratic-controlled Legislature would vote cuts of such a depth in the budget of a Democratic Governor.

It could happen this time, however, if Republican and anti-sales tax Democrats combine forces against the administration supporters.

Some reductions in the budget, of course, must be expected and undoubtedly are anticipated even by Furcolo and his advisers.

Holy Hour Services For Boy Scouts Next Sunday

A Holy Hour for Boy Scouts, Cubs and Explorers of the Roman Catholic faith in Newton, Wellesley and Weston will be held next Sunday, May 24.

Parents of the Scouts are invited to attend.

NEWTON STUDENTS OUTSTANDING CADETS — Congratulating each other after Boston University's annual Army and Air Force ROTC parade and review are, John R., left, and Anthony J. Farrington, West Newton brothers, and at left, Richard E. Asherman, of Newton, who received honors at the colorful ceremonies.

Newton Cadets Get ROTC Honors

Three Newton cadets in the Boston University Army and Air Force ROTC received outstanding honors at the annual review held at B. U. Field before a large audience.

Recipients of honors delivered before the entire Cadet Corps were: John and Anthony Farrington, of West Newton, and Richard E. Asherman, of Newton.

Major General Sidney C. Wooten, commanding general of the 13th U. S. Reserve Corps at Fort Devens, inspected the University's Cadet Corps and personally congratulated and presented the honors to the student-soldiers.

Richard Asherman received a medal from General Wooten for being "the best drilled Army ROTC

freshman at Boston University.

John Farrington was cited at the review for being the outstanding Senior ROTC cadet, his brother, John, received an award for being the outstanding Junior ROTC cadet. The Farrington brothers are in the Air Force ROTC.

Mayor Backs Plan For High Rise Apartments

Mayor Howard Whitmore, Jr., made an unusual appearance before the Board of Aldermen Monday night to explain his proposal for a change in the city's zoning ordinances which would permit the erection of high rise apartment buildings in the city.

The Mayor, along with City Solicitor Matt B. Jones and Charles E. Downe, city planning consultant, answered questions put to them by Aldermen concerning the plan which would allow the construction of multiple apartment developments with self-contained business facilities for the occupants.

Whitmore pointed out to the city fathers that very little undeveloped land now remains in Newton except for the golf courses.

He said that the zoning proposal would benefit the entire city by creating new taxable property and widening the tax base.

Downe explained that each new development would require the approval of the Board of Aldermen before it could be undertaken.

City Solicitor Jones answered questions largely of a legal nature.

Newton Tax Rate Up \$1

The Newton tax rate has been set at \$53 per \$1,000 valuation by the Board of Assessors, an increase of \$1 over the 1958 rate.

Officials pointed out the rate was held down by use of \$760,000 of the surplus, and despite continuing increases in costs of materials, supplies and services, and a higher school budget.

The rate was based on a total valuation of \$271,953,930, an increase of \$4 million over last year.

connection with the Pharmacy holdup.

Sgt. Robert E. Mahoney, 34, and Patrolmen Vauchon, William Vedeccio, 37, and Charles Rivers, 34 where the officers who escaped death as Dawson blasted away with a 12-gauge shotgun and a .22-caliber rifle.

Dawson was at the top of the stairs firing down. The officers returned the fire, and in the face of this, and the ring of officers around the duplex, Dawson called down "All right, I'm coming down."

He threw down his rifle, but when the officers got to him he struggled so fiercely, they were forced to manacle him hand and foot before they could get him into a patrol wagon.

In the apartment police found a .32 caliber revolver, 100 rounds of .22 caliber ammunition and six shotgun shells.

The four patrolmen are all married, and have a total of 17 children.

Patrolman Rivers, father of six, remarked:

"I was born at 207 Washington St., the other side of the house, and for a while I thought I might die there."

Officials said that the capture of Dawson and the roundup of the other four youths cleared up several Newton robberies and prevented a planned holdup of a Cambridge supermarket that same evening.

Authorities said they had information that Dawson and the others planned to use two hand grenades in the market robbery.

60 Members of 1909 Class Hold Reunion

A well attended 50th reunion of the Class of 1909 at Newton High School was held at the Brae Burn Country Club last Monday night. Sixty members of the class participated in the exercises.

Former classmates from Newton, and nearby communities, joined with others from all six New England States, as well as Pennsylvania, New Jersey and New York, to enjoy the reunion.

Mr. and Mrs. Harold Billings were hosts to the class at the cocktail hour. Morgan Chamberlin was master of ceremonies and the Rt. Reverend Monsignor Robert Barry of St. Catherine's Church, West Somerville gave the invocation. President Frank L. Converse, vice president of the

and the Meadowbrook Junior High School.

So rapid has been the growth in that part of the city that the School Board in recent years has been faced with the necessity of constructing additions onto schools which had been built only a few years before.

School officials concede frankly that the problem at the moment is a somewhat troublesome one and that developments now indicate that some schools were underbuilt.

They assert, however, that the data assembled in the new survey and the projections

made from it should aid them in meeting the situation.

The crowded conditions at the Oak Hill School had an echo at the Aldermanic meeting Monday night when Aldermen Theodore D. Mann and Joseph G. Bradley unsuccessfully sought the passage of an order asking that the Aldermanic education committee confer with the School Board on the matter.

Mann presented the resolve, and it was seconded

and supported by Bradley. They were unable to marshal any other support among their fellow Aldermen, and the measure was overwhelmingly rejected.

Aldermen Bradley and Mann both expressed the conviction that an immediate attempt should be made to solve the problem at the Oak Hill School rather than to plan to transport the sixth grade pupils by bus to the Spaulding School.

Regis Graduate is Bride of Warren Bailey Kennedy, Jr.

MRS. W. KENNEDY, JR. (Bradford Bachrach)

White gladioli and pink carnations decorated the altar of Our Lady of Mercy Church in Belmont recently for the marriage of Miss Marjane Hill to Mr. Warren Bailey Kennedy, Jr.

The bride is the daughter of Mrs. James F. Devine of Belmont and the late Mr. Thomas A. Hill. Her bridegroom's parents are Mr. and Mrs. Warren B. Kennedy of Newton Highlands.

The Rt. Rev. Charles E. Sheridan officiated at the one

o'clock nuptial. The Boston Club on Beacon street was the scene of the reception.

Escorted by her stepfather, Mr. James F. Devine, the bride wore a gown fashioned of white slipper satin. Chantilly lace, marked with seed pearls and crystals, followed the neckline and front panel of her dress.

Seed pearls formed the becoming crown which held in place her imported French illusion veil. She carried a cascade of phalaenopsis orchids and stephanotis.

Miss Nancy Finnin of Washington, D.C., was honor maid. Miss Jane McCarthy of Watertown, Mrs. Seward Jones Kennedy of Jackson Heights, N. Y., Mrs. Robert Provost of Watertown and Miss Catherine Ann Devine of Belmont, sister of the bride, were bridesmaids.

Serving as best man was Mr. Seward J. Kennedy of Jackson Heights, N. Y. The ushers were Mr. Robert Morrison of Cambridge, Mr. Richard Dunphy of Newton Highlands, Mr. Lawrence Friedman of Brookline and Mr. Lawrence Devine of Belmont, brother of the bride.

Jamaica, B. W. I., was the honeymoon destination of the couple, who plan to live on Beacon street in Boston.

For her going-away costume, the bride chose a beige light wool suit accented with cocoa brown to match her orchid corsage.

The bride was graduated from Mt. Trinity Academy, Watertown, and Regis College, Weston.

Her husband is a graduate of Northeastern University and attended the Amos Tuck School at Dartmouth College. He is now associated with the Brighton Five Cent Savings Bank.

J. J. Cantwell and Bride Are Living In Newton

Bermuda was the honeymoon destination of Mr. and Mrs. John J. Cantwell, Jr. (Arlene M. Sullivan), whose marriage took place recently at Our Lady Help of Christians Church.

The bride is the daughter of Mr. and Mrs. Raymond J. Sullivan of Newton. Mr. and Mrs. John J. Cantwell of Brighton are the bridegroom's parents.

White chrysanthemums, snapdragons and carnations decorated the altar for the 11 o'clock nuptial mass at which two rings were exchanged. The Rev. John Hartigan officiated.

Escorted by her father, the bride wore a gown fashioned of white lace. Her fitted bodice had a sabrina neckline and her full skirt terminated in a court train.

A fingertip illusion veil was caught to her pearl crown. She carried her mother of pearl prayer book and her flowers were white orchids and stephanotis.

Miss Mary Bradley of Newton was honor maid. Miss Paula Dunn of Newton, cousin of the bride, Miss Dorothy Cantwell of Brighton, sister of the groom, and Miss Catherine Daley of Brighton, cousin of the groom, were bridesmaids.

Serving as best man was Mr. William Cantwell of Brighton, brother of the groom. Ushers were Mr. Leo Daley, Mr. John Daley, both of Brighton, and cousins of the groom as well as Mr. Paul Chamberlain of Hazardville, Ct., brother-in-law of the bride.

The couple is now living in Newton. The Monticello in Framingham was the setting for the reception.

The bride was graduated from Our Lady's High School and attended Regis College. Her husband was graduated from St. Columbkille's High School, Brighton, and attended the IBM School.

Political Highlights

(Continued from Page 1)

et for a period of months, as the House ways and means committee has done, invariably feels that it has to recommend some slashes to justify its own existence, no matter how tight and trim a budget may be.

It is not unusual for a Legislature to make some cuts for purposes of public show, intending all the time to restore at a later date the funds which are trimmed.

That obviously is little more than an act and one which is well weighted with sham and subterfuge, and it creates financial headaches for the State and for the Governor who eventually is given the right to spend the money he desires but gets no taxes with which to pay the bills.

The result is that the State pays out more money than it takes in, that gimmicks are employed and figures are juggled to balance the books, postponing the dread day of reckoning. That is what happened last year, when the Legislature voted to spend \$15 million more than it provided in revenue to meet expenses. It is what happened for several years in Michigan which is now engulfed in financial disaster.

It will simply be routine procedure if the Legislature slashes \$10 or \$12 million from Governor Furecolo's budget.

Economy-minded groups should withhold their cheers if that happens because later in the year, when the Legislature is rushing to prorogue and things are being done in a hurry, most of the \$10 million probably would be restored.

Republican legislative leaders have advocated that the Furecolo budget be reduced \$30 million. A follow-up statement, however, by GOP State Committeeman Chairman Daniel E. McLean left considerable doubt as to just how sincere the Republicans are in their position.

When the House ways and means Committee recommended the budget be slashed \$10 million and the Republican legislative chieftains urged that it be cut \$30 million, McLean issued a statement suggesting that they split the difference and cut it \$20 million.

That doesn't sound like a very scientific way of curbing expenses, and it was pretty obvious that McLean was merely pulling a figure out of the air.

The fact is that the budget cannot be cut \$30 million or \$20 million without eliminating public services. That was reported by a noted economist retained by the Associated Industries of Massachusetts to study and analyze the Governor's budget and his sales tax bill.

It will be one thing if the Legislature makes genuine cuts in the budget and lets the cuts stand.

But it will be something else again if the law-makers vote phony economies, with the intention of restoring the funds at a later date, when nobody is paying much attention. That practice is bringing the Commonwealth to the brink of financial disaster.

When the showdown comes and the legislators actually are put to the test of knocking out specific projects and curtailing or eliminating public services, some of them may back gingerly away from the economies about which they are now talking.

It is a bit difficult to offer any rule of thumb as to what may be expected from the budget action.

However, if the budget is reduced \$10, \$12 or even \$15 million, the likelihood is that

a sales tax or some other new tax would have to be enacted. On the other hand, if the budget is slashed \$30 million, the sales tax will be doomed.

Some persons are under the impression that the need for a sales tax was eliminated because a joint convention of the Legislature voted in favor of a graduated income tax.

Massachusetts at the very earliest will not have a graduated income tax before 1963 if, indeed, it has one then.

When the graduated income tax measure was up for a vote, a number of legislators were induced to vote for it by the argument that it would be defeated when it comes before the joint session of the two legislative branches again in 1961.

Whatever happens eventually on the graduated income tax, it will be no help in meeting the financial problems now facing the State.

If the legislators meet their responsibilities, they must either curtail and eliminate public services and knock out projects to which the State is committed or provide additional revenue. Any other course will plunge the State into deeper financial chaos.

Home Fire Alarm System

Editor, The Graphic

Dear Sir,

On May 14th, there appeared in your newspaper an article entitled, "Trick Selling in House Fire Alarm Systems", being an expose and warning as promulgated by the Better Business Bureau. Specifically, we agree with every statement therein. Beyond a doubt there are unscrupulous gyp artists engaged in making a fast dollar trading upon fears, promoting devices of doubtful value, employing questionable sales methods, scare tactics, etc. However, the writer, admittedly a distributor of underwriter approved home fire alarm systems, feels that the article above referred to could discourage people from the installation of proper devices, from conscientious and reputable dealers, that might well be the means of saving homeowners' lives and property.

Newspapers every day carry front page reportings of many fire tragedies, most of which could have been avoided by early warnings.

One recent local instance reported in the press revealed that a home fire alarm system was credited with preventing a serious fire at the home of Mario DiCarlo, 56 Beecher place, Newton Centre.

It might well be pointed out that three different makes of self-contained systems (not dependent upon springs or electricity, either of which may malfunction) are recommended for low cost, average family use, by the Hartford Fire Insurance Company Group consisting of seven well-known insurance com-

panies. In my own files is a letter from the Chief of a nearby large city fire department which states, "I think it (the alarm system) is about the best I have seen on the market, and I am interested in having a few of them installed in my own home." Such expert opinions of the lifesaving importance of reputable alarms are not to be lightly brushed aside and disregarded because there are some tricksters in the alarm business.

Locally, there is no law that requires installation of fire alarm systems in all homes. Such laws are proposed in some municipalities, one in point being Philadelphia.

We agree wholeheartedly with the Better Business Bureau's suggestion that homeowners check with their local fire department before purchasing, as to any applicable regulations, and we feel as to the quality and reliability of any such device. A purchase upon which a family's life may depend demands thoughtful consideration.

Community Concerts Is Sellout

The Newton Community Concerts series, at the end of its one-week membership campaign reports a complete sellout. Mrs. J. Leslie Sweetnam, membership chairman, announced today that so many subscriptions were turned in that more than a week was required by the committee to tabulate them.

Mrs. Sweetnam also stated that the popularity of the series has increased steadily since its inception in 1956. It approaches its third season with a full house and approximately 50 names on the waiting list.

Appearing next season, as has been previously announced, will be Yehudi Menuhin and the Chicago Opera Ballet. The other artists, selected immediately after the close of the campaign, are Mildred Miller, mezzo-soprano and the duo piano team of Eden and Tamir. Miss Miller began her career with Boris Goldovsky in the New England Opera Theatre, where many will remember her outstanding portrayal of Carmen.

Later she was engaged by the Metropolitan Opera Company and has sung leading mezzo roles there ever since. Her popularity is expected by the association to rival that of blonde Viennese Hilde Gueden, who appeared on its first series.

Following its policy of introducing new artists, the association will present for the first time in the Boston area, the young Israeli piano team of Eden and Tamir. These young people, although well known in Europe are as yet relatively unknown in this country, and it will be the privilege of the audience to judge their artistic merit upon hearing them.

The association feels that this facet of the series is one of the most important, as it not only helps to give a start to the young generation of musicians, but also gives the membership an opportunity of helping to mold the outstanding musicians of tomorrow.

Newton Hi Trackmen Seek State Crown; Nearly Sweep GBI Meet

It's Newton High against the field this weekend at White Stadium in Boston when the Tiger trackmen go all out to win their eighth consecutive outdoor Class A championship.

And Coach Lem Boyle's boys must be rated as favorites.

Last Saturday they ran away with the ninth annual Greater Boston meet at White Stadium. They won the big overall championship, and they also won the team prize in the junior and senior divisions.

Earlier this season, Newton won the Belmont A. Reys and the St. John's Prep Interscholastic Relays at Danvers, setting two new records in the process.

Things didn't look too hot for Newton at the outset of the season, however. The Tigers had been edged from their hold on the indoor title by Rindge Tech, and five established trackmen, most of them the distance runners, were lost to Newton for various reasons. One went into the Army.

In winning most of the trophies in last week's GBI meet at White Stadium, Newton

came close to scoring a grand slam. They lost the freshman-sophomore crown to Belmont.

In the over-all championship, Newton scored 61 to 40 1/2 for Rindge Tech. Other scores were Brookline 40, Belmont 29, Lawrence Central 28, Fairhaven 22, Medford 21, and 15 other teams trailed.

Newton was pushed in the senior division, winning 26 to 23 for Brookline. Rindge was third with 19 and B.C. High had 9, trailed by the other schools.

The Tigers romped in the junior class. They piled up 21 points, followed by Melrose 14, Lawrence Central 13, Rindge 11 1/2, Brookline 11, Medford 11, Somerville 11, Malden 8 1/2.

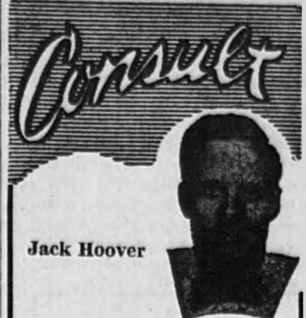

There was a little confusion when Newton's Larry Smith was clocked in 9.5 seconds in his trial heat of the 100-yard dash. But a check showed that the lads were running 95 yards instead of 100.

Larry won the finals in this event in 10.5.

There was an unusual tie for first place in the finals in the senior low hurdles. Dick Hession of Newton and Bruce Grisby of Rindge were clocked in 21.2 seconds.

Other Newton scorers in the senior division were Bob Pupa, high hurdles; Gary Siverson, shot put (50 feet 4 1/2 inches); and Larry Smith, who finished second in the broad jump.

There were 24,830 pedestrians injured crossing intersections with the signal in their favor during 1958 in the United States.

TELE-VIEWING THE NEWS

By LEE LOUMOS

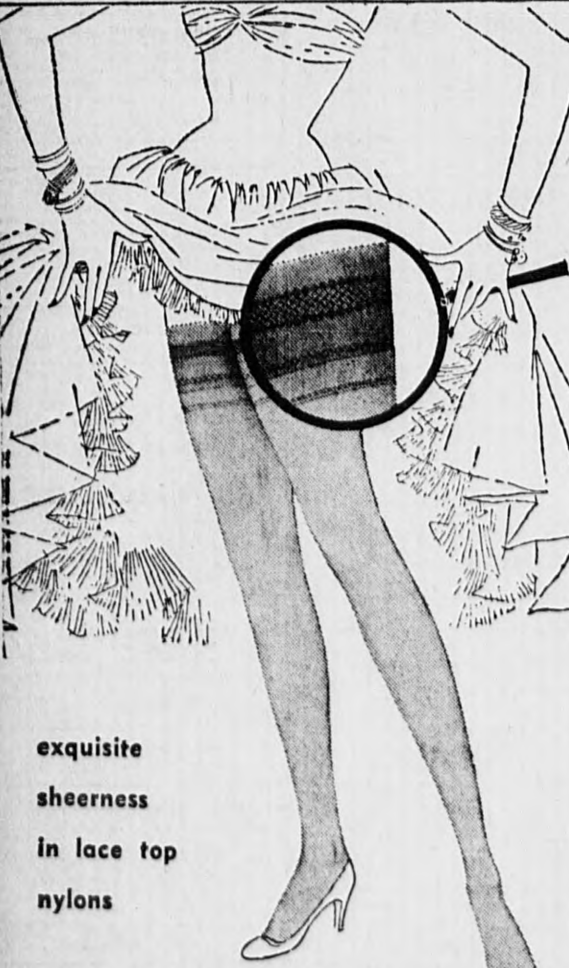

Gardner McKay, a handsome young bachelor who has been a contract performer with 20th Century-Fox Studios for the past eight months, has grabbed the coveted TV role of the year as star of James A. Michener's South Seas series, "Adventures in Paradise." Premiering over the ABC-TV Network next September, the 6-foot, 5-inch McKay was signed to portray the part of Adam Troz. Selection of McKay ended a five-month talent search for which more than 300 actors auditioned. "Adventures in Paradise," an hour-long filmed series created and supervised by Pulitzer Prize-winning Michener, will be telecast on Mondays immediately following "Chryseis," in which Clint Walker will again star to the delight of many Walker fans. This new series concerns the adventures of an unmarriageable veteran of the war in Korea, who sails his small schooner, the "Tiki," through the South Seas and alone the coast of Asia, seeking what careers and commissions he can find. McKay is considered a "natural" for the part since he has spent much of his life at sea and currently is the skipper of the 98-foot schooner "Marapacha," which he takes out of Newport, Calif., for charter for the owners. Besides acting, McKay has been a writer, painter, photographer, sailor and sculptor and successful in each endeavor. Speaking of success, our TV service department's success is largely due to the thorough training of our technicians and the fact that we use the latest testing equipment. WISP by Van Raalte

1.15

Wisp boasts every conceivable trick of flattery. Exquisite sheerness, fine thin seams, ankle-slimming heels. And, of course the prettiest feature is the lace top run stop. All this in typical Van Raalte perfectionist construction. Plus the beauty and comfort of Flex-Fit never-twist seams. Fashionable new colors. In your very own proportions... petites, mediums, lengths.

Where You Save DOES Make a Difference

Rope in those run-away dollars

By DON HEROLD

Put 'em in the old corral at Watertown Federal

If it weren't so serious, it would be downright funny how money tries to slip away from you all the time and make for those faraway hills.

You've gotta work almost as hard to SAVE money as you did to EARN it.

One good thing about Watertown Federal is that the gates are open for your savings and you soon get the habit of herding your dollars in their direction. Watertown Federal HELPS you control your dollars, and tempts you to turn your dollars their way with good dividends (anticipated new rate, 3 1/4% per year).

Goodwill Industries Box At Waban Market

A Morgan Memorial Collection Box has been installed at the Waban Supermarket, Beacon Street and Windsor Road, Waban Square.

Andrew Kreshpane, manager of the supermarket, said today that the collection box was installed by the market as a public service for friends of the handicapped, who may deposit usable and repaired discarded clothing, shoes and bric-a-brac.

These items will be cleaned and repaired by the 325 disabled persons employed at Morgan Memorial Goodwill Industries, where they will receive the opportunity to become useful, self-sustaining members of the community.

Shoppers at the Waban Market from now on will

take home their groceries in special Goodwill bags. They will be requested to fill the bags with the needed articles of clothing and household goods and to deposit them at the collection box on their next trip to the market.

The large, easily identified box is conveniently located in the parking area of the Waban Super Market.

low Hall, Newton. Show time is 11:45 a.m.

They are Barbara Balkus, daughter of Mr. and Mrs. John Balkus of 34 Mechanic street, Newton Upper Falls, and Louise Harrison, daughter of Dr. and Mrs. James Harrison of 26 Dorcas Road, Newton.

The fashion show, an annual event at the college, is presented by the Clothing De-

partment as part of the students' training for a career in some field of fashion. Students learn what the different kinds of fashion shows are, how to organize and present them and how to model.

Each girl in the clothing classes will model garments that she has made during the school year. Other students work on staging, lighting and commentary.

The theme this year is Current News. The show will have four scenes: Hawaii, Alaska, French Fashion Salon and Academy Award Locale.

Equity Suit Starts Court Maneuver In School Budget War

A bill in equity was filed in Middlesex Superior Court this week to compel the Newton Board of Aldermen to restore \$1100 for out-of-state travel which was slashed from the school department budget.

Sixteen well known Newton citizens, two of them members of the School Board, are the signers of the petition which seeks not only the restoration of the \$1100 but also an additional 25 per cent penalty.

Attorney Frederick G. Fisher Jr., of 120 Rigelow road, Newton, is serving as counsel for the group and will appear in court to press the matter.

Present indications are that it will be at least late summer and possibly longer before conflict between the Board of Aldermen and the School Committee is finally resolved.

Members of the School Board have gone on record as unanimously approving the court action, and School Committee Chairman Haskell C. Freedman was the leading force in moving for the court test of the right of the Aldermanic Board to reduce the school budget.

The \$1100, which is the subject of the controversy, was to be used to reimburse three School Committee members for a trip they made to California in January to attend a convention of School Boards.

The 16 signers of the petition are: — BUDGET WAR — (Continued on Page 5)

BON VOYAGE TO GIRL SCOUT—Betty Andersen, Newton Girl Scout who will be a special summer guest in Switzerland, second from right, is congratulated by Mrs. Dwight Merrill, president of Newton Girl Scouts, at last Saturday's big rally here. Also in photo, Joan Meyer, at left, and Barbara Williams, right, president of senior planning board. Girls are holding model of Swiss Chalet, International Girl Scout Center where Miss Andersen will be guest.

Betty Andersen Feted At "Rally"

Betty Andersen, Newton Girl Scout, was accorded special honors and thunderous bon voyage greetings at the gala "Rally" in which more than 1500 Girl Scouts participated last Saturday at Dickinson Stadium.

Miss Andersen will represent the Newton Girl Scout Council and New England Girl Scouts at the International Center in Switzerland this summer.

She was presented with a gift of camera equipment for her European trip by Barbara Williams, president of the senior planning board, on behalf of the girl and adult membership of the Scouts.

Mrs. Dwight P. Merrill, president of the Newton Girl Scout Council, welcomed those attending and witnessing the Rally and gave a special good luck wish to Miss Andersen. A model of the Scout Chalet in Switzerland was carried on the field by Joan Meyer and Barbara Williams for this ceremony.

The "Rally" got off to a colorful start with a parade of the National colors, Scout flags and world international banners. A special flag ceremony opened the program.

The event was based on the eleven fields of Girl Scouting with particular emphasis on international friendship.

Malone is Named New Local High Football Coach

Robert D. Malone was named this week as the new coach of the Newton High School football team.

He succeeds Harold (Bud) Hawkes who has resigned his coaching post to become a house master under the new plan which will be introduced at the high school in September.

Furcolo's Sales Tax Bill Seems Doomed for Defeat

As matters stand today, Governor Furcolo's limited 3 per cent sales tax bill appears doomed to almost certain defeat in the House of Representatives.

It's always easier to persuade the average legislator to vote to spend money than it is to induce him to enact the taxes needed to pay the bills.

If the Governor was unable to get a Democratic-controlled House to pass his budget without a meat-axe slashing, he obviously isn't likely to make much headway in his sales tax battle.

The budget-cutting spree, in which a coalition of Democratic and Republican House members participated, stunned and startled many Beacon Hill on-lookers.

Even economy-minded observers, however, who had been advocating that proposed state expenditures be trimmed to the bone, admit that there was little, if any logic and reason behind some of the slashes.

Local Health Officials In Polio Warning

Board of Health officials in Newton this week warned that many local residents have not taken the three polio shots necessary to immunize them against the disease.

All persons under 45 who have not taken these precautions are advised to arrange for the shots from their own physicians or at the clinic to be held at Newton City Hall June 1 through June 4.

Local officials are especially concerned about preschool children and newcomers to the city. Approaching summer months give rise to the concern about the possibility of a polio outbreak here.

Parade to Mark Newton Memorial Day Program

Saltonstall, Whitmore
Will Lead Traditional
Tribute To Hero Dead

Newton will pay a devout and grateful tribute in Memorial Day exercises on Saturday to those who have given their lives on battlefields around the world as part of the price paid for the freedom which is this nation's most cherished possession.

The measured tread of marching feet, the muffled beat of drums, the soft bugle notes will sound again in reverent homage to the men who went off to fight their country's wars—and didn't return.

The solemn ceremonies will honor the memory of those who fought and died on the flanks of Bunker Hill and the stony sides of Gettysburg's Round Top, those who perished in the fierce cold of Valley Forge, and those who met death near the frigid Yalu River.

As the sad strains of taps echo across the green slopes, they will sound a requiem for those who fell at Normandy, in the Battle of the Bulge, at Guadalcanal and Okinawa, who met flaming death in the skies over France and Germany—for all those who paid with their lives to keep America free.

Behind the bands and the massed colors of patriotic organizations, veterans of two wars and of the fighting in Korea will march again in tribute to their fallen comrades.

While attention will be centered principally on the parades, military ceremonies and oratory of noted public figures, thousands upon thousands will make their yearly pilgrimages to cemeteries on Saturday to kneel in prayer at the graves of loved ones whose memories still are as bright and green as the grass under which they sleep.

Newton's big Memorial Day parade will start Saturday at 10:30 a.m. in a continuation of the tradition of honoring the Nation's heroic dead which began after the Civil War in 1866.

The famed U. S. Marine Corps Band from Quantico, Va., will be a center of attention in the four-division parade.

U. S. Senator Leverett Saltonstall is Chief of Staff, as in previous years. Mayor Howard Whitmore Jr., is Chief Marshal, and Mario DiCarlo is Adjutant General.

Units of the Army, Navy, Air Force, Coast Guard, National Guard, ROTC, veterans' organizations and their auxiliaries, police and fire departments will be in the long line.

There will be floats, a crack drill team, the Newton High School Band, Boy and Girl Scouts, Civil Defense and the Red Cross Disaster Unit.

The principal reviewing stand will be at City Hall where the Marine Corps Band will perform for the Chiefs of Staff, the Chief Marshal, the Adjutant General and their staffs.

Various parade units have been given orders to assemble at 9:45 a.m. at Washington and Crafts streets, Newtonville. The parade will begin promptly at 10:30 and proceed over the following route:

West on Washington street, to Walnut street; south on Walnut street, to Commonwealth avenue, and the War Memorial Flag. There the column will halt for the placing of wreaths and prayer by the Rev. Patrick J. Gilmore of Sacred Heart Church.

Then the column will proceed south on Walnut street, to Newton Cemetery, the scene of two ceremonies at the Grand Army of the Republic — MEMORIAL DAY — (Continued on Page 3)

Dedicate Lincoln Playground In Waban, Monday At 6 P.M.

The foresight of the late Warren E. Lincoln, and a group of civic-minded Waban citizens, reaches fruition Monday at 6 p.m. with the dedication of the Warren E. Lincoln Playground.

The need for the community asset already has been amply proved because it has been in almost constant use this Spring—particularly the baseball diamond.

Civic leaders were warm in their praise for the community spirit which led to the creation of the playground.

"The people of Waban are to be congratulated for their determination and efforts," said Mayor Howard Whitmore Jr.

"The Warren E. Lincoln playground is unique and outstanding as an example of what can be accomplished through the cooperative efforts of private citizens and city fathers working for a worthy objective."

Alderman William H. Prentice said the dedication "demonstrated the ability of all the civic groups of the community and city government to work together to achieve their goal."

Recreation Commissioner C. Evan Johnson said: "We are indeed grateful that there are always those men and women who are anxious and willing to serve in the interest of youth and recreation progress. Their contribution — TO DEDICATE — (Continued on Page 4)

"Apathy Harms Our Schools"—Gross

"Public apathy and indifference to the schools of their city tends to produce a weak system and where there is irresponsible behavior on the part of citizens there are upset school systems and low teacher and student morale," warned Harvard Professor Neal Gross, himself a Newton resident, at the annual meeting of the Newton League of Women Voters held at the Commonwealth Country Club.

Professor Gross, author of the recently published book, "Who Runs Our Schools?" went on to advise his listeners that research findings strongly support the idea that citizen interest and support of the schools bear intimately on the quality and quantity of education their children receive.

The Harvard faculty member was the principal speaker at the meeting and was introduced by Mrs. Warren Rabb, education chairman of — HARMS SCHOOLS — (Continued on Page 3)

Quiet Reunion For McKey 55th Anniversary

Services at the Baptist Church in Newton Centre and a quiet family reunion with their only son and his wife will mark the 55th wedding anniversary Sunday of Mr. and Mrs. Joseph McKey of 31 Herrick Rd., Newton Centre.

McKey, 81, lost his eyesight some years ago. He and his wife, Clara, 79, are happy in their tiny, two-room apartment.

"They love it there, although of course they miss the fact they can't get out to church more often," explained the son, Gordon McKey, a biology teacher at Marblehead High School.

He and his wife, an English specialist at Swampscott High School, live in their home "Gray Harbor" having moved from Whitney Rd. in Newton seven years ago.

"We had quite a large party

for their golden anniversary five years ago," McKey said. "But they would like just a quiet reunion this time. After all, 55 years is a long time. Church means a lot to them both. Mother used to be very active in church work and was a member of the Newton Woman's Club."

tion will always be remembered by the City of Newton through the use of this excellent playground by our youth of Waban."

Back in 1947, the site of the playground was the last sizeable undeveloped tract in the village, and was about to be used for a location for apartments. Warren E. Lincoln and Paul Crocker spearheaded a drive for a way to save the open land.

Forty public spirited citizens purchased it and held it until ultimate disposition could be determined. The Waban Improvement Association was militant in its fund-raising efforts, and ultimately the city purchased the land and developed it for a playground over the past four years.

U. of Penn. Honors For Local Senior

M. Carl Shine, of 22 Stafford Road, Newton Centre, was chosen as Cane Man, one of the four highest honors voted by the senior class, in the 107th Hey Day ceremonies at the University of Pennsylvania.

A graduate of Newton High School, Shine is an honor student in the School of Metallurgical Engineering at the University. He was given the Alumni Award of Merit for leadership in undergraduate activities.

A member of Kappa Nu fraternity, Shine is captain of the varsity track team, treasurer of Tau Beta Pi, a member of the Sphinx senior honor society, and the Varsity Club.

He holds both the University outdoor and indoor shotput records. Early this year national intercollegiate and heptagonal shotput champion, Shine was awarded the Class of 1915 trophy as the athlete in the senior class who most closely approaches the ideal University of Pennsylvania athlete.

officials have occurred in other communities, this is believed to be the first time one has developed in Newton.

For all practical purposes the right of the Aldermen to make any cut whatever in school appropriations is at stake in the court case which has been started.

Ironically, a shift of one vote in the Board of Aldermen would have averted the present legal battle, the basic issues of which are more important than the \$1100 involved.

When Mayor Howard Whitmore Jr. recommended to the Aldermanic Board that it restore the \$1100 which had been clipped from the school budget, the proposal was defeated on a tie 11-11 vote.

Slow Down and Live!

A shockingly large number of motorists across the United States will not return home alive this Memorial Day weekend.

Some will be killed or maimed while travelling to or from vacation resorts.

Some will meet death while driving to a cemetery to decorate the grave of a loved one.

Too many rides which start with pleasurable anticipation will end in stark tragedy.

The vast majority of accidents which will occur could be avoided by the reasonable exercise of care, by not gambling that the other fellow will stop.

That's why all motorists would do well to heed the plea of Registrar of Motor Vehicles Clement A. Riley that they slow down and live this weekend.

Registrar Riley can estimate now the statistics which will make newspaper headlines next Monday morning. He knows, too, of the homes which will be plunged into mourning.

The appeal he voices for careful, common-sense driving is designed to save lives—possibly your life. As he well points out, a moment of carelessness behind the wheel of an automobile can prove fatal.

Slow down and live!

Political Highlights

(Continued from Page 1)

The fact is that the entire budget fight in the House has had more of the aspects of a political vendetta than of a businesslike or judicious endeavor to pare expenses.

An air of irresponsibility was created by some of the things which happened in the House during the budget row, and both Democrats and Republicans have had a part in creating it.

For example, Republican House leader Frank S. Giles, Jr., was planning to move for a cut of \$80,000 in a budget item.

But when a rebellious Democrat, who is at odds with the Furcolo administration, arose and proposed the same item be slashed more than \$300,000, Giles tossed away his own recommendations and rallied the GOP forces behind the Democratic motion.

Perhaps that's good politics, but it certainly isn't responsible leadership or businesslike government. If Giles really believed the item could be cut \$300,000 he would have advocated it in the first place. What he and a good many other legislators plainly were doing was voting for budget reductions they knew were not warranted.

A significant thing during the budget battle has been that the Republican members of the House ways and means committee, who certainly are not sympathetic to Governor Furcolo but who spent long weeks studying the budget, have voted against many of the cuts which have been made.

A combination of factors are responsible for the staggering slashes which have been made in the budget.

1. Some Democratic legislators, who are violently opposed to the sales tax, are willing to go to any lengths to cut the budget in order to show that the sales tax is not needed.
2. Many Republicans a substantial portion of whom do favor the sales tax, are, nevertheless, willing to go along with any reductions, whether warranted or not, in the budget of a Democratic Governor.
3. A number of law-makers are angry either with Governor Furcolo or certain of his lieutenants and are demonstrating their bitterness toward the administration by joining in dealing hammer blows to its budget.

To say that Furcolo has lost control of the Democratic House is one of the understatement of the year.

The Governor is being sharply criticized in some quarters for his failure to demonstrate stronger leadership and wield greater influence in a body which has its biggest Democratic majority in the history of the Commonwealth.

To some degree that criticism is warranted. Furcolo doesn't have the same ability for getting along with the Legislature as did either ex-Governor Christian A. Herter or the late Paul A. Dever.

Governor Furcolo also was obviously poorly counseled. His agents must have given him inaccurate advance reports on the sentiment in the House and the amount of support on which he could count. Otherwise, he wouldn't have walked head-on into a resounding defeat.

Yet, in fairness to the Governor, one can't help but wonder just how far he is supposed to go in order to persuade certain legislators to meet their public responsibility.

Furcolo apparently is prepared to stand by his guns and fight some of the budget slashes item by item before the end of the present legislative session, and by the time he is through he may well win some of the battles he now seemingly has lost.

It is well to remember, of course, that to some extent, at least, the budget revolt is a political act.

Some of the legislators who have been voting for the slashes in state expenditures know that the cuts will not stand.

Later this year, or early next year, much of the money which has been cut from the budget will be restored by the Legislature, and many law-makers will do an about-face and vote to put back the funds which they deleted in a great show of economy.

That's the standard procedure on Beacon Hill. It is what has happened in the past, and is what unquestionably will happen this time.

The big joker in the situation is that when the legislators restore the budget cuts, they probably will not provide the taxes to pay the expenses involved, and once again the state will finish in the red.

If that happens, the members of the Legislature may be building big woees for themselves in 1960 — an election year — for the Commonwealth obviously cannot go on indefinitely spending more money than it takes in.

Economy minded citizens, who quite understandably would like to see their own tax burdens eased, would do well to withhold any applause of the House action in slashing the budget until the final chapter is written in the budget story.

Furcolo-Murphy Fued Becoming More Bitter

Lieutenant Governor Robert F. Murphy has publicly opposed Governor Furcolo's policies to such an extent that it is difficult to picture Furcolo and Murphy campaigning together at the head of any future Democratic State ticket.

Murphy has spoken all over the state in opposition to Furcolo's limited 3 percent sales tax and at times has used some harsh terms in assailing the proposal.

More recently, the Lieutenant Governor has, in effect, advocated cuts in Governor Furcolo's budget and for all practical purposes has accused the Governor of seeking to spend more money than is absolutely necessary.

Even in politics, which at times is noted for its bare-faced hypocrisy, new hypocritical heights would be achieved if Furcolo and Murphy were to sit down before a television camera in the 1960 campaign and champion each other's cause.

That probably will not happen, but it is not beyond the realm of political possibility.

Murphy is a candidate for the Democratic nomination for Governor. Furcolo is generally expected to be the Democratic standard-bearer against Senator Leverett Saltonstall next year.

Of the two, Murphy faces much the sterner and stiffer fight for the right to carry the Democratic banner into the 1960 Democratic convention or primary.

There have been instances where public figures, who privately loathed each other, have appeared together in public in a great show of supposed warm friendship, with one lauding the other's virtues and urging his election.

Rarely, however, has a man seeking a nomination for high office opposed a sitting Governor in his own party to the same degree as has Murphy.

Where other Democrats, who may have differed with what Furcolo was doing or advocating, have held their silence rather than stir up party discord, Murphy has spoken out strongly and loudly.

Nothing like the Furcolo-Murphy feud has been seen in Massachusetts since the then Lieutenant Governor Francis E. Kelley battled with the late Governor Charles F. Hurley in 1937 and 1938.

Some observers are wondering if Murphy may wind up running against Furcolo for the Democratic nomination for President.

But Kennedy was leading Senator Stuart Symington of Missouri and Democratic Senate Leader Lyndon Johnson of Texas by a surprisingly small margin. Symington ran second in the poll, Johnson a shade behind him, while Adlai Stevenson and Senator Hubert Humphrey of Minnesota were tied in fourth position.

The other contenders received practically no consideration. Ironically, Governor Mennen Williams of Michigan, whose state is now in financial chaos ran sixth. He drew two votes.

Such a poll doesn't mean too much this far in advance of the Democratic national convention.

It does, however, confirm the belief of political experts that Kennedy is out front in the Democratic Presidential race but that the support is divided so widely that the convention

Chief Warns Clean House Seldom Burns

Make sure your home is fire safe . . . don't give fire a place to start, Newton Fire Chief Frederick A. Perkins proclaimed today as he proclaimed Spring Clean-up Time.

Trash and rubbish are danger spots where fires breed, the Chief warned. He pointed out that National Fire Protection statistics show that half a million American homes are hit by fire every year.

"Get rid of the clutter in your attic, basement and closets," Chief Perkins said. "A clean house seldom burns. If your attic is a resting place for broken furniture and old mattresses, get rid of them; if your basement's a collection of paper, shavings, scrap, old paint cans and oily rags, get rid of them."

"If your closets are storing cast-off clothing, clean them out. Don't give fire a place to start."

"Remember, home fires take over 100 lives a week every year," the chief warned.

"Call your Fire Department for expert advice on fire hazards. Ask them to check in and around your home for the spots that might spell trouble. A fire safety inspection is voluntary—and it's smart."

"Let us help you—and you help us—to stop fires before they start."

Two Newton girls have been elected to editorships on The Lantern, the Lesley College newspaper. Miss Linda Lomasney of 16 Commonwealth Ave., has been re-elected Publicity Editor, and Miss Marjorie Wolbarst of 90 Boulder Rd., Oak Hill, has been elected News Editor.

Says Parents Becoming "Glorified Chauffeurs"

Assistant Principal A. Raymond Rogers of Newton High School was the guest speaker at the spring meeting of Massachusetts Girl Scouts, Inc. Rogers is chairman of the Youth Advisory Committee in Newton and is chairman of student activities at Newton High School.

He declared that parents have become glorified chauffeurs because of their children's schedules. Rogers discussed the value of extracurricular activities but warned against allowing them to dominate the life of a child.

Newton Hi Nabs State T.T. Crown

Newton High School's well-balanced track team, has clinched the Class A team championship of the 25th annual state outdoor competition at Boston's White Stadium on Saturday.

Next in sight for the Orangemen is the Brown University interscholastic meet on Memorial Day at Providence, R.I.

The Boyle-men annexed their seventh consecutive Class A crown, and their 16th in the past 25 years. They did it by compiling 18 points on the field events which were completed on Friday, and then going on to amass a total of 22 more in Saturday's competition.

This gave Newton 40 points. Second was Boston Latin with 26. Rindge Tech, the indoor champion, was third with 20½.

The week previous, Newton had run away with the Ninth Annual Greater Boston meet. And last Tuesday, in the last dual meet of the season, Newton spanked Brockton to the tune of 83-39 at Dickinson Stadium, in a Suburban League tilt. Coach Ed Boyle's men took 10 firsts.

Saturday's state meet saw a record total of 107 schools entered in the three classes, with 1820 athletes competing. Five records were broken and three equalled.

Individually, the laurel wreath went to Newton's Larry Smith. He successfully defended his 100-yard dash crown, and equalled at 10 seconds flat, the only record of the meet which is still on the books since the first statewide outdoor games in 1935. Smith, who recently recovered from a throat infection, clocked his record-equaling effort in the semi-final and went on to take the final at 10.2.

Suburbia-

(Continued from Page 1)
the bright, little monthly magazine will carry a story about the hazards involved in leaving the family abode unprotected from burglars while the gang is away. It also carries an outline on how to burglar-proof your house before you leave.

This article will be eagerly read and taken to heart by suburban dwellers. However, it is not expected to be received joyfully by burglars.

"A Summer To Grow On" speaks for the children. It urges parents to provide enough space and air and solitude this summer to give the youngsters room to grow in—spiritually as well as physically.

The food page contains a complete menu for a bridal shower or—plus a wedding cake—and its acceptable for the big event.

John Brimer has an interesting article, "It's Not Too Late to Plant Your Rose Garden," shows us how, by waiting till summer, you can choose your roses by color as well as variety.

A new department will be introduced in the June issue—"Unusual Suburban Homes." This month it will feature the Maine residence of Mr. and Mrs. Joseph Barber.

All the popular regular features will be contained in the June "Suburbia Today." The full page of cartoons "Disturbia" will again provide chuckles for readers.

The June cover—from the talented brush of Laura Jean Allen—hails the bride and groom with a gay wedding reception in the garden. It's another "must" and a great summer issue of the popular magazine supplement to this newspaper. Out next week.

It takes at least a full year aboard an active submarine for an officer to become eligible to pin on his "dolphins" and become a full-fledged submariner.

Andover Newton Graduates Fifty-Five New Ministers

Andover Newton Theological conferred degrees on 55 graduates, including several from foreign countries, at graduation exercises held Monday morning at the First Baptist Church in Newton Centre.

The commencement speaker was the Rev. Dr. Victor L. Butterfield, President of Wesleyan University, at Middleton, Conn.

"Our education is in the midst of one of the greatest experiments in history," Dr. Butterfield said.

"We are testing whether 'education for all' can give a free nation the strength it needs to stay free and strong forever."

"We are all in this together, citizens and professionals, public and private schools and colleges and universities, junior, municipal and teachers colleges, vocational, graduate and professional schools, each for the most part trying to do its task in the light of its resources, its abilities, its judgment and its conscience."

He frowned on the idea of using "modes of education" collectively designed to encourage the mere photographing of dead knowledge and inert ideas and the mere training in trivial intellectual tricks.

"This is not discipline," Dr. Butterfield said. "It is rather a kind of animal training, of neat little crossword puzzle heads, unable to cope creatively with the major issues either of self or society."

The Baccalaureate service was held Sunday night at the First Church (Congregational) in Newton Centre.

The Rev. Dr. Herbert Gezork, president of Andover Newton, told members of the graduating class that "many churches in our time exhaust their resources in doing many things which have little or no relation to the central task of the church."

Dr. Gezork said "if the church today suffers from any ailment it is that of triviality."

He advised: "Let the church drop a great many of its social activities however appealing and

attractive they are, so it can concentrate on its most urgent tasks: teaching its own youth the truth of the Christian faith, and preaching the judgment and mercy of God to a world which is desperately in need of the redeeming power of the gospel."

Dr. Gezork also said: "The church should ponder the fact that atheists and agnostics today stand foremost in the fight for decency, compassion, sanity, while Christians engaged in theological quibbles offer no clear word on this life and death matter of atomic war."

Andover Newton has graduated more than 7,400 ministers of whom 155 have become college presidents, more than 500 missionaries, and 8,000 have gone into the pastoral ministry. Among today's living alumni approximately 600 now serve in the New England area.

Newton KO'd From League Scramble 4-2

Newton High's baseball team, trying for its 13th consecutive win in Suburban League competition, ran into Waltham's southpaw Mike Skane Monday afternoon, and he hurled them right out of the title chase.

The junior pitcher allowed Newton sluggers only four hits as Waltham won 4 to 2—and at that Skane was the victim of two unearned runs. It was the biggest upset of the schoolboy season.

Newton's loss gave sole possession of first place to Cambridge Latin, which downed Rindge 9 to 2. For weeks Newton and Cambridge Latin had been tied for the league lead.

Waltham's giant-killing win not only knocked Newton from the top, but the Tigers must beat Brookline this afternoon (Thursday) to hold second place. Brookline beat Watertown Monday 6-1, and a win over Newton Thursday would bring about a tie for second.

In the Newton game, Waltham got three runs in the first inning. With two on, Jack Pierce singled in a run, and wild pitches scored two more. Two singles produced another run for Waltham in the eighth.

Last week Newton was still riding its win streak and on Tuesday beat Rindge 9-4, Brockton 6-2 on Friday and edged Phillips Exeter Academy 15-4 last Saturday.

Elks Safety Week May 24-31 Proclaimed

The week of May 24 to 31 was proclaimed "Elks Safety Week" by Mayor Howard Whitmore Jr., who said the "greatest strength of organized public support for highway safety must originate locally where the problem is of immediate concern."

"Motor vehicles are killing more people on our highways than ever before," the Mayor's proclamation read, "and motor vehicle traffic accidents are a major cause of crippling, disabling and maiming injury."

And it added: "I urge all citizens of Newton to exercise reasonable caution and courteous habits while walking and driving and thereby assist in improving the desperate traffic conditions in order that complete freedom from traffic death and injury shall be a reality during the week and over one of the busiest holiday weekends of the year."

Lee Finnegan, Mr. Lechiario Wed in Brighton Church

The bride is the daughter of Mr. and Mrs. Michael P. Finnegan of 68 Washington street, Newton, Mr. and Mrs. Salvatore Lechiario of 75 Oak avenue, Newton, are the bridegroom's parents.

Escorted by her father, the bride wore a traditional white gown of nylon tulle. Chantilly lace fashioned her empire bodice and chapel length train.

A becoming seed pearl cap was caught with sheer illusion tiered veil. She carried her prayer book and her flowers were white roses.

Miss Virginia M. Finnegan of Newton was her sister's maid of honor. Mrs. Raymond J. Ceriani of Newton, Mrs. John Murphy of Belmont and Mrs. Armando Tresanti of Newton were her other attendants.

Best man for his brother was Mr. Michael Lechiario of Cambridge. Ushers were Mr. Raymond J. Ceriani of Newton, Mr. Armando Tresanti of Newton and Mr. Joseph Pastagnino of Newton.

TELE-VIEWING THE NEWS

By LEE LOUMOS

The Princeton and Columbia baseball nines played 10 innings of fine baseball in the second game of their doubleheader 20 years ago, on May 17, 1939. But the contest is best remembered by many for being the first baseball game on television. In terms of present-day telecasting, that pioneer job has a noticeable share of fluff—prompted obviously by lack of experience. But the scheduling of the telecast proved the "foot-in-the-door" that led to swift growth of sports programs as major television attractions. Few of the 400 sun-drenched spectators at Baker Field, New York City, and not many more of the estimated 5,000 metropolitan area viewers tuned into less than 400 television sets (with 5, 9 and 12-inch screens and costing upwards of \$600 each) attached more significance to the telecast than they did to the ball games.

Irving Marsh, writing in the Herald Tribune, buried mention of the TV sports debut way down in his story. The late fight promoter Mike Jacobs commented after the game: "Someday, I'll sell TV rights for a championship bout for as much as \$1,000,000. No one envisaged, however, that 20 years later a TV network would transmit a World Series telecast to a peak audience of 90,000,000 viewers in 24,000,000 homes containing TV sets with an average screen size of over 16 inches. Besides increase in screen size there has been an increase in the number and complexity of camera within a TV set, due to improvements that produce better sound and picture. It requires a highly trained technician to properly service the newer TV sets. All of our repair work is done by thoroughly trained and experienced technicians and our service fees are reasonable. Call us next time your set gives trouble.

But, in particular, call us NOW for Fedders room-air-conditioners—sales and service. Phone BI 4-7240 for a free survey of your cooling requirements.

Auto Top Company Ready For All Expert Service

Newton Auto Top Company, Inc., at 873 Walnut street in Newton Centre is one of the top places in the Greater Boston area for autoists to visit for renewing of upholstery, convertible tops, seat covers and particularly new plastic rear windows for convertibles.

A family-enterprise headed by Ronald McGarigle, this firm has developed a line of steady customers by meticulous attention to details, personal service and high quality work.

Seat covers installed by Newton Auto Top Company all are made to order, and cut to the exact measurements required. So too are the convertible tops and rear windows, in order to assure the customer of a perfect job and long-lasting satisfaction.

The rear window renewal on convertibles is much more than a mere improvement in appearance, since safety in driving is involved because a new rear window of heavy plastic gives fine vision and allows the driver to see what is back of his car at all times.

This can be very important in convertibles, many of which do not give as good all-around vision as might be desired.

A new rear window, or convertible top also adds to the weatherproof qualities of the car, another important item since frequent raising and lowering of the top can affect the tightness of the car against sudden storms so frequent at this season when driving reaches its peak.

Floor carpets in addition to new seat covers add much to the enjoyment of a car and also to its value when trade-ins arrive. Visit Newton Auto Top Company soon, and you may be sure that any of the modest cash outlays involved will prove a bargain. Phone DE 2-1438 for further information, or an appointment.

Newton Upper Falls Tigers

A pitcher who was dropped on his head and a catcher converted from infielder-outfielder spot are leading the Upper Falls Tigers to their most successful season in years in the Newton South Little League.

Pint-sized Lee Draisin, who was dropped on his head while playing football with older boys two or three years ago, and was under a doctor's care until just recently, has picked up two of his team's three victories. He has been helped by bespectacled Eddie Crowley, who at .428, is the hardest hitting catcher in the Newton South League.

Rugged Bob Cronin spearheads the infield with a .500 average, while speedy Chris Kinchla leads his team in stolen bases with four, and Jeff Magee is the team's best defensive infielder.

Newton Jr. Nine Has 7-1-1 Record

The Newton Junior College nine, after dropping the opening game to Suffolk J.V.'s, went on to be undefeated for the remainder of the season. They won 7, tied 1 and lost 1.

The tie was with Wentworth Institute in a game called because of darkness, but later in the season the Newton Bears played their best game in a return match to overcome a 6-1 deficit and win 12 to 8.

Leading the defense were pitchers Bob St. John working against strong opposition (4-1-1) and southpaw Tom McGinnis (3-0-0).

In the vanguard for the attack was Manny Conneaney hitting for a big .552 followed by hitting pitcher St. John (.471) and centerfielder Dave Seeley (.379).

Highlights From Newton High Class Officers Chosen for 1960; Senior Night Festive Occasion

By JUDY ARNOLD

HIGHLIGHTS . . . Class and school officers have been selected for next year. President of the Associates is Dave Connors; Boys' vice president is Joey Reingold and Girls' vice president is Donna Richmond. Margie Casselman was elected clerk and Donnie MacLeod, treasurer. Senior class officers will be Paul Guzzi, president; Paul Kaplan, first vice president; Bill Southmayd, second vice president; Joanne Arcuti, secretary; and Joe O'Donnell, treasurer.

John Shaner of Newton High placed third in the Northeastern Section High School Chemistry Contest recently held at M.I.T. The Contest was sponsored by the American Chemical Society. About 250 high school students participated.

Mr. Howe selected Mr. James Miller and Jeffrey Kobrick to be present at a two-day conference on the atom which was held at Atlantic City.

THE GREAT BIG WONDERFUL WHIRL . . . Last Saturday night was Senior Night, the last informal gathering of the senior class. The high school gym was filled with seniors anxious to watch the performances of their classmates and to obtain their "Newtonians". Gordon Nelson headed the committee for Senior Night and his aids were Lee Milner, Jean Winsor, Roddy Pratt, Nancy Preston, Barbara Fleischer, John Derr, Maureen DiNapoli, and Faith Copeland.

Participating in the skits, songs and dances were Cindy Ward, Pauline Bielezian, Bryan Roche, Marshall Levine, Edward Fineberg, James Levine, Arthur Tennenbaum, Carol Bean, Virginia Barnes, Robin March, Gena Currens, Jim Burdick, Steve Kaufman, John Derr, Larry Yeo, Jerry Kenney, Paul Daly, Al Maycock, Hal Cohen, Sue Fowler, Lorraine Trifero, Bob Read, Connie Worthen, Louis Shapiro, Kay, Sternfeld, Liz Lubell, Carol Chandler, Sue Wise, Dotty Seltzer, Marilyn Saltz, Dotty Gurwitz, Paula Gorenstein, Faith Copeland, Linda Leser, Marcia Silverman, Sue Tucker, Sue Hirschfeld, Mimi Horowitz, Judy Bedrick, Mimi Shaw, Mary Ellen Desfiano, Ann Pokorny, Cindy Rowland, Kay Pennard, Sue Willey, Mary Auryansen, Mary Ann Theophile, Mary Berman, Katy Carleton, Bill Doyle, Bob Pearson.

Also Jim Gifford, Beverly White, Maxine Cohen, Ann Holmes, Nancy Mahoney, Ken Lapping, Dick Murphy, Jack Fleming, Nancy Lillis Roddy, Pratt, Ruth Shepard, Judy Winograd, Ed Polen, Gary Snerson, Basil Nello, Jerry Lamkin, Lee Milner, Ken George, Dan Krinsky, Stan Shafran, Norm White, Bob Snyder, Frank Mambin, Kathy Ryan, Phyllis Lumbin, Susan Calahan, Bev Vaccarello, Howie Levine, Bill Morris, Penny Axelrod, Barbara Fleischer, Diane Fay, Cheryl Kuebler, Marcia Kerr, Neil Driscoll, Jane Whelan, Linda Malony, Carolyn Gagin, Joyce Hussey, Amy McAuliffe, Judy Malone, Janet Wallace, and Denise Crockett.

On the Saturday night preceding Senior Night, the gym saw another big festivity, the Sophomore Dance, the festival of the March Graces. Kenny Mayer, from W.B.O.S., presided as "King of the March Graces". The dancing, refreshments and entertainment were planned by Fran Witly, general chairman; Daniel Katzner, Dick Aborn, and Hiram Gordon; entertainment; Helaine Morris and Sue Dalsen, hospitality; Beverly Gollis, publicity; Joanne MacCuspie, decorations; David Fazio, refreshments; Dick Lockwood and John Bilezikian, work; and George Levinson, tickets.

The Weeks Junior High School Gym was the scene of the International Folk Dance sponsored by the AFS Fund Raising Committee earlier this month. Dudd Briggs and his band entertained with folk music. Donations were received from Newton bakeries due to the work of Mary Ann Theophile and her refreshment committee. Steve Kaufman, chairman of the Fund Raising Committee was in charge of the evening; Brooke Kreuger was co-chairman; Barbara Williams and Sue Goldsmith were in charge of publicity; Sue Williams, decorations; Gena Currens and Roddy Pratt, tickets; and Carol Albans, invitations.

May 29 is the night selected to be Newton Night at Pops this year. Held annually at Symphony Hall in Boston, this affair always is an enjoyable one for Newton students. Tickets are sold at the high school for the pupils.

JOTS AND DASHES . . . Latest Senior Standouts in the "Newtonite" were Barbara Fleischer and Neil Driscoll.

THE OUTDOOR TYPE . . . Following weeks of practice and tryouts, Marcia Boyd, Jill

Schofield, Leslie Wolbarst, Laurie MacDougall, Jean Lesser, Eda Larkin, Penny Hills, Judy Mara, and Mary Kirk were chosen as cheerleaders for next year. The decision was made by Mr. Poskitt, Mr. Lambert, Miss Hall, and senior, Betty Anderson; and announced by Mr. Rogers. These girls were selected from 150 girls who originally tried out.

The Medar Scholarship for \$2,000 or more will be presented to a senior boy to use to attend a physical education school. This is the first time such an award has been offered. The recipient must have graduated from an accredited high school and have a strong interest in gymnastics.

COLLEGEWISE . . . Last Saturday was the big day for many juniors as Newton's class rooms were once again filled on a Saturday morning. The College Entrance Examination Board's tests were given to the juniors as they began the last part of their journey toward college.

Attending Harvard University next year will be Hal Cohen and Jimmy Sigel. Kenny Novack will be going to Dartmouth and Jerry Burg to Cornell University. At Simmons College will be Barbara Roberts and at Boston University will be Sue Hirschfeld. Mary Ellen DeStefano and Lorraine Trifero will be at Boston College.

Free X-Ray Given 800

Over 800 men and women took advantage of the free chest X-ray examination offered by the Newton Tuberculosis and Health Association in conjunction with the annual May Day Sales conducted by the Newton Centre Business Association.

The X-rays were given last Saturday in front of the Mason School on Centre street. They were offered to all residents and employees in Newton, as part of the regular activities of the Association to keep Newton in good health.

The Business Association chairman, Bernie Dresner, said the three-day sales promotion was even more successful than last year. He said his store gave away exactly 1,007 baloney sausages, compared to just under 1,000 last year.

Merchants offered real, top values, Dresner said, and all reported excellent success.

Association President John Russo congratulated the merchants of the Newton Centre area for their cooperation, and he thanked the residents and shoppers for their patronage.

Russo said the merchants were delighted at the many new faces, and felt sure that they had satisfied their customers and would see them again for repeat sales.

Lines started forming for the X-rays at 9:30, a half-hour before the scheduled opening of the mobile unit. Although a lunch break was planned for the crew of technicians and the Association staff and volunteers, the demand for X-rays was so great it was impossible to stop even for five minutes.

Almost everyone had to wait from half to three-quarters of an hour in the chill air before he could enter the unit.

President J. Ellis Bowen of the Newton Tuberculosis and Health Association, was amazed and pleased at the response of the public.

"I have never seen so many people waiting in line for a chest X-ray," he said. "The Association is proud of the people who showed their concern for their own good health, and that of others, by taking advantage of the X-ray program."

Pres. Bowen expressed his special thanks to those volunteers who helped make the program possible: Mrs. David Weisberger, the 1959-60 Christmas Seal Sale Chairman, Mrs. Francis Vetter, Mrs. Joseph Lunney and Mrs. Frank Hennigar and her daughter.

These women worked without a break to speed the process of the program. Bowen said, so that it averaged more than 120 persons X-rayed per hour.

CLSC Club Elects

A luncheon preceded the annual meeting of the Newton Highlands CLSC (organized in 1880), and the following officers were elected: President, Miss F. Mabelle Hurd; vice president, Mrs. Helen A. Ward; secretary-treasurer, Mrs. Sarah Pomeroy Rugg.

FOREIGN CARS ALL MAKES</

Elizabeth Ellen Evans, the author of this essay, as a seventeen year old High School Student from Ohio, delivered this message to 3,000 food store executives at an annual meeting of the National Association of Food Chains in New York City.

Several of our men were there. They were so deeply moved by her words that permission was requested to reprint the text of her talk in its entirety. This was 5 years ago.

We still receive numerous requests for reprints.

The simple eloquence of Miss Evans' essay is as appropriate today as it was then . . . So once again, in place of our usual food advertisement, we proudly present this timely message, as you share Memorial Day 1959 with your family and friends.

THE WORKSHOP OF FREEDOM

By Elizabeth Ellen Evans

ello.
Hello, American.
Hello, my father, my brother, my friend.

We've built a land together.
We've sung and spoken and laughed and cried
and thought and prayed and died together.
And we've taken an idea that's been around for
twenty-five hundred years
we've taken a word that was only a word
and we've made it a way of life.
We've founded a land on the freedom of man.

We started with little but human dreams and an
unfailing will to succeed.
And the world laughed.
The world laughed at our strange idea—
that a man might be free to govern himself, to
work and to pray and to live as his conscience
demanded.
The conception was old. It had failed before.
The world knew it would fail again.
But not so the brave little land which was built on
the God-given freedom of man.

Not so the new-founded Workshop of Freedom.
And the world's amusement turned into amaze-
ment, for the unique idea succeeded!
This Workshop of Freedom—
... founded by men with a flame in their hearts
... built on the soil of thirteen small colonies
facing the sea
... her workbenches manned by four million
stout-hearted settlers, giving their best that
they and their sons might stand up as free
men—

this Workshop of Freedom has grown and waxed
strong. The thirteen have become forty-eight
... the four million, increased forty times
... and the best that they gave to the land that
they loved has rendered us great among
nations.

And their spirit lives on
... in the mines and the mills
... in the farms and the factories
... in the power and the prayer
... in the laughter and love
... in the friendship and faith
that have nourished the Workshop of Freedom.
And American—we made it work!

It hasn't been easy, this building a land.

We've paid for our freedom in young men's lives
and in saddened homes
and in broken hearts.

For they were the price of the Workshop of
Freedom.

But say that it wasn't worth it?

Walk down the streets of New York and Chicago,
of Cincinnati and San Francisco,
of Pepperton, Georgia, and Roundup, Mon-
tana, look in the eyes of the people you meet,
and say that it wasn't worth it.

Hear the high, happy voice of a first grade class
singing, "God bless America, Land that I love..."

... Look up at the face of the great, beloved man
who sits in the Lincoln Memorial

... Walk down a city street swept along by the
joyful, exuberant, heart-warming rush of the
last shopping days before Christmas

... See the pride in the eyes of a Midwestern
farmer on the day that his harvest is done

... Tap your foot to the beat of a Dixie-land
band

... Hear the shout of a thousand kids in a foot-
ball stadium when the home team gets the ball

... See a Star of David and a Crucifix and an
open Bible side by side

And you've seen and you've heard and you've felt
in your heart the might of the Workshop of
Freedom.

Then say that those lives were wasted that ended
to make and to keep America Free!

Say that a life is worth living at all without friend-
ship and freedom and faith!

And yet there are men who would take this away.

They stand at the gates to the factories,
the entrances to the mines,
and they fill the ears of the men who pass by
with their talk of the "common man"

But what a short step from their "common man"
to the common slave!

Tell us these things—if you dare!

Is there one other land on the face of the earth

where your "common man" can drive home from
his work in a car of his own to a paper to read
and a television set,

... where your "common man" can eat Southern
fried chicken and chocolate ice cream for his
Sunday dinner,

... where his wife can wear nylon stockings and
have an electric refrigerator—

and then tell us this, you strangers who think
you're so wise—

can a man be a slave when he speaks and he
votes and he prays as he chooses?

To all who would crumble these freedoms of ours,
who would undermine our American way of
life, we say—

... Show us a hammer and sickle and we'll show
you our flag waving high and proud against
a cloudless blue sky.

... Show us the "Communist Manifesto" and
we'll show you our Bill of Rights.

... Show us Malenkov and Stalin and Lenin and
we'll show you thirty-three Presidents, chosen
by vote of the people they served ... and
we'll show you a Man on a Cross.

And they can't argue back, American!

There's nothing they can say!

The fires of friendship and freedom and faith
have been burning too long in our land.

And as long as they burn—as long as those fires
burn fervent and bright—there is nothing
those men can say!

Shake my hand, American.

Shake my hand, my father, my brother, my friend.

Take our hands, all you of the earth who are tired
and hungry and cold.

Take our hands, you citizens of the world.
Share with us our friendship and freedom and
faith.

They will give you a chance to hold your head
high.

They will make you a man.

Come.

Let us walk forward, together and free.
